IMMIGRATION NEW ZEALAND INSTRUCTIONS: Amendment Circular No. 2026-16
AMENDMENTS TO THE IMMIGRATION NEW ZEALAND OPERATIONAL MANUAL

Introduction

This circular outlines changes to immigration instructions. A copy of the amended instructions is attached.

All immigration officers dealing with immigration applications should read the amendments and operate in accordance with the amended instructions from the effective date.

Note

The amendments described in this circular will be published in the Immigration New Zealand Operational Manual in due course.

Information about these changes is available on our website www.immigration.govt.nz.

Description of changes

Skilled Migrant Category

SR3.5 Applying for a Skilled Migrant Category Visa

SR3.10 Summary of requirements

SR3.15 Skilled employment

SR3.20 Skilled work experience in New Zealand

SR3.25 Points-based pathway

SR3.30 Points for New Zealand registration, licensing, or certification

SR3.35 Skilled Work Experience Pathway

SR3.40 Trades and Technician Pathway

Immigration instructions have been amended to introduce two new Skilled Migrant Category (SMC) pathways alongside the existing Points-based pathway, the:

- Skilled Work Experience pathway for highly experienced migrants, and
- Trades and Technician pathway for those with valuable qualifications and skilled experience

These pathways are supported by the Red List, which excludes occupations from the new pathways and requires migrants to meet one of the existing skill categories, and the Amber List, which requires migrants to meet additional eligibility requirements.

Green list and Work to Residence

SR5.5 Summary of requirements

SR5.10 Acceptable employment in a Tier 2 Green List role

SR5.15 Requirements for 24 months of work in New Zealand in a Tier 2 Green List role

SR6.5 Summary of requirements

SR6.10 Acceptable employment in a Care Workforce sector role

SR6.15 Requirements for 24 months of work in New Zealand in a Care Workforce sector role

SR7.5 Transport Sector: Work to Residence Summary of requirements

SR7.10 Acceptable employment in a Transport sector role

SR7.15 Requirements for 24 months of work in New Zealand in a Transport Sector role

Immigration instructions have been updated to change how wage rates are calculated across all relevant Work to Residence pathways, aligning them with the SMC wage threshold changes.

Skilled Residence visas – general requirements

SR2.1 Assessment of employment

SR2.10 English Language Requirements

Immigration instructions have been updated to provide a clearer definition of genuine employment under Skilled Residence instructions, including that offers of employment must be available and ongoing and have a genuine need to be based in New Zealand.

English language requirements related to the Skilled Migrant Category have also been amended.

Related appendices

Appendix 21 – Amber List – Additional Requirements for SMC Skilled Work Experience pathway

Appendix 22 – Red List – Ineligible for Trades and Technician or Skilled Work Experience SMC pathways

Appendix 23 – Eligible Occupations for the Trades and Technician pathway

Appendix 17 – The List of Qualification Exempt from Assessment

Appendices outlining the Amber List, the Red List and the Eligible Occupations for the Trades and Technician pathway list, all relating to SMC, have been added to the INZ Operational Manual. The List of Qualifications Exempt from Assessment at Appendix 17 has also been updated to reflect the new points allocations in SMC.

All amendments take effect from 24 August 2026.

Appendix 1: Amendments to Residence instructions, effective on and after 24 August 2026

SR2.1 Assessment of employment

SR2.1.1 Substantial match

- a. An immigration officer may undertake a substantial match assessment to determine whether the applicant's employment or offer of employment is listed at a specific ANZSCO level or in a specific occupation listed in the ANZSCO.
- b. The assessment of a substantial match involves a determination of whether the applicant's employment is substantially consistent with the ANZSCO Occupation (6-digit) level description for that occupation and with the tasks listed at the ANZSCO Unit Group (4-digit) level description for that occupational group, excluding any tasks which are not relevant to the Occupation description.
- c. To be considered a substantial match to an occupation, the tasks relevant to the ANZSCO occupation description must comprise most of the applicant's role.

Notes: Where no description is stated at the ANZSCO occupation (6-digit) level, an immigration officer should refer to the ANZSCO Unit Group (4-digit) description or the higher ANZSCO group (3-digit or 2-digit) level as necessary to determine a substantial match with the stated occupation. Similarly, where no ANZSCO core tasks are listed at the ANZSCO Unit Group (4-digit) level, an immigration officer should refer to a higher ANZSCO group (3-digit or 2-digit) level as necessary to locate the core tasks that ANZSCO associates with the stated occupation.

Determining whether an applicant's employment substantially matches an ANZSCO occupation description may require consideration of the scope and scale of the employer's organisation and operation (the size of the operation, the number of staff and managers, and whether management functions are centralised at a head office or undertaken by other managers).

SR2.1.5 Genuine Employment

- a. For the purposes of Skilled Residence instructions, genuine employment is employment that:
 - i. has not been created for the purpose of facilitating a visa; and
 - ii. is for work that is available and ongoing; and
 - iii. has a genuine need to be based in New Zealand; and
 - iv. is accurately represented in the employment information provided to Immigration New Zealand.
- b. Employment will not be considered genuine if it is offered as a result of payment made by the applicant (or their agent or a third party) to the employer (or their agent or a third party) in exchange for securing that offer of employment. Such practices are contrary to the principles of the Wages Protection Act 1983, as well as to immigration instructions.
- c. When assessing the requirements in (a), immigration officers may consider a range of factors to determine whether the applicant's employment, or offer of employment, is genuine, including (but not limited to):
 - i. whether the remuneration offered for the position is comparable to the market rate for New Zealand workers in that occupation.
 - ii. whether the employment meets a legitimate and ongoing operational business need.
 - iii. whether the offer of employment was made by a family member.
 - iv. the proposed commencement date of the employment (if it is not currently available).
 - v. whether the employer has an established presence in New Zealand, such as physical premises, active operations, staffing, or ongoing business activity.

SR2.1.10 Compliance with employment and immigration law

- a. All employers wishing to employ non-New Zealand citizens or residents must comply with all relevant employment (see R5.110) and immigration law in force in New Zealand.
- b. A principal applicant's employment must be compliant with all relevant New Zealand employment laws in force.

SR2.10 English Language Requirements

SR2.10.1 Minimum standard of English language for principal applicants

- a. Principal applicants in a Skilled Residence application are considered to meet the minimum standard of English if they provide acceptable English language test results, as set out at SR2.10.5, obtained by sitting the test in person at a test centre (tests taken remotely outside of a test centre, including 'at home' tests, are not acceptable), **that, at the time the application is lodged are:**
- i. **no more than two years old; or**
 - ii. **no more than five years old for applicants applying via the Skilled Migrant Category under instructions in SR3 with a valid occupational registration as specified in SR3.30.**
- b. Other evidence that a principal applicant meets the minimum standard of English is:
- i. citizenship of Canada, the Republic of Ireland, the United Kingdom or the United States of America, provided the applicant has spent at least five years in work or education in one or more of those countries or Australia or New Zealand; or
 - ii. a qualification meeting the requirement at (e) below comparable to a New Zealand level 7 bachelor's degree and gained in Australia, Canada, New Zealand, the Republic of Ireland, the United Kingdom or the United States of America as a result of study undertaken for at least two academic years in one or more of those countries; or
 - iii. a qualification meeting the requirement at (e) below comparable to a New Zealand qualification at level 8 or above and gained in Australia, Canada, New Zealand, the Republic of Ireland, the United Kingdom or the United States of America as a result of study undertaken for at least one academic year in one or more of those countries.
- c. In any case, an immigration officer may require a principal applicant to provide an English language test result in terms of paragraph SR2.10.1 (a). In such cases, the English language test result will be used to determine whether the principal applicant meets the minimum standard of English.
- d. Skilled Residence applications must be declined if the principal applicant has not met the minimum standard of English.
- e. Where evidence of a qualification is being used to meet English language requirements, the applicant must submit a qualification from one of the countries listed at SR2.10.1(b)(i) or (ii) and provide an International Qualification Assessment from the New Zealand Qualifications Authority unless:
- i. the qualification is included on the List of Qualifications Exempt from Assessment (Appendix 17); or
 - ii. the applicant has been awarded full or provisional registration by a New Zealand organisation authorised by law to give occupational registration, and registration involves an assessment that their overseas qualification(s) is comparable with a New Zealand qualification that is included in the List of Qualifications Exempt from Assessment.

SR2.10.5 Acceptable English language test results for principal applicants

The following English language test results are acceptable:

Test	Minimum score required
International English Language Testing System (IELTS) - General or Academic Module	Overall score of 6.5 or more
Test of English as a Foreign Language Internet-based Test (TOEFL iBT)	Overall score of 79 or more
Pearson Test of English Academic (PTE Academic)	Overall score of 58 or more
B2 First (First Certificate in English) (formerly Cambridge English: First (FCE)) or B2 First for Schools (First Certificate in English) (formerly Cambridge English: First (FCE) for Schools)	Overall score of 176 or more

Occupational English Test (OET)	Grade C+ or higher in all four skills (Listening, Reading, Writing and Speaking)*
---------------------------------	---

*A score of Grade C+ or higher in all four skills is required for the OET as there is no overall grade for this test.

SR2.10.10 English language requirements for non-principal applicants

- a. Partners and dependent children aged 16 and older who are included in a Skilled Residence application must:
 - i. show that they meet a minimum standard of English to enable successful settlement in New Zealand; or
 - ii. pre-purchase ESOL tuition (see SR2.10.25).
- b. Non-principal applicants meet the minimum standard of English if they provide English language test results, as set out at SR2.10.20, obtained by sitting the test in person at a test centre (tests taken remotely outside of a test centre, including 'at home' tests, are not acceptable), **that, at the time the application is lodged are:**
 - i. **no more than two years old; or**
 - ii. **no more than five years old for applicants with a valid occupational registration as specified in SR3.30, where the principal applicant is applying for the Skilled Migrant Category under instructions in SR3.**
- c. Other evidence that a non-principal applicant meets the minimum standard of English is:
 - i. citizenship of Canada, the Republic of Ireland, the United Kingdom or the United States of America, provided the applicant has spent at least five years in work or education in one or more of those countries or Australia or New Zealand; or
 - ii. a qualification meeting the requirement at SR2.10.1(e) comparable to a New Zealand level 7 bachelor's degree and gained in Australia, Canada, New Zealand, the Republic of Ireland, the United Kingdom or the United States of America as a result of study undertaken for at least two academic years in one or more of those countries; or
 - iii. a qualification meeting the requirement at SR2.10.1(e) comparable to a New Zealand qualification at level 8 or above and gained in Australia, Canada, New Zealand, the Republic of Ireland, the United Kingdom or the United States of America as a result of study undertaken for at least one academic year in one or more of those countries.
- d. In any case, an immigration officer may require a non-principal applicant to provide an English language test result in terms of paragraph SR2.10.10(b). In such cases, the English language test result will be used to determine whether the applicant meets the minimum standard of English.

SR2.10.15 Decision to request English language test

Full consideration must be given to all evidence of English language ability provided before a decision to request an English language test under SR2.10.10 (b) is made. If an English language test result is requested, the reason(s) behind the decision must be clearly documented and conveyed to the applicant.

SR2.10.20 Acceptable English language test results for non-principal applicants

The following English language test results are acceptable:

Test	Minimum score required
International English Language Testing System (IELTS) - General or Academic Module	Overall score of 5.0 or more
Test of English as a Foreign Language Internet-based Test (TOEFL iBT)	Overall score of 35 or more
Pearson Test of English Academic (PTE Academic)	Overall score of 36 or more
B2 First (First Certificate in English) (formerly Cambridge English: First (FCE)) or B2 First for Schools (First Certificate in English) (formerly Cambridge English: First (FCE) for Schools)	Overall score of 154 or more

Occupational English Test (OET)	Grade C or higher in all four skills (Listening, Reading, Writing and Speaking)*
---------------------------------	--

*A score of Grade C or higher in all four skills is required for the OET as there is no overall grade for this test.

SR2.10.25 Pre-purchase of ESOL tuition

- Instead of meeting the minimum standard of English, non-principal applicants may pre-purchase ESOL tuition. ESOL tuition must be pre-purchased from the Tertiary Education Commission (TEC) by paying the required charge to Immigration New Zealand (INZ), who collect this charge on behalf of TEC.
- Applicants must pay any ESOL charge due, sign the ESOL Agreement and return it to INZ within the time specified by INZ before a resident visa is granted.

SR2.10.30 Amount of ESOL tuition to be pre-purchased by non-principal applicants

- The amount of ESOL tuition to be pre-purchased is determined by the applicant's English language test results according to the following table:

Test	Overall score	Charge to be paid	ESOL entitlement
International English Language Testing System (IELTS) - General or Academic Module	4.5 or more but less than 5.0	NZ\$1,735	NZ\$1,531.82
Test of English as a Foreign Language Internet-based Test (TOEFL iBT)	32 to 34		
Pearson Test of English Academic (PTE Academic)	30 to 35		
B2 First (First Certificate in English) (formerly Cambridge English: First (FCE)) or B2 First for Schools (First Certificate in English) (formerly Cambridge English: First (FCE) for Schools)	147 to 153		
Occupational English Test (OET)	Not applicable (see SR2.10.20)		
IELTS - General or Academic Module	4.0 or more, but less than 4.5	NZ\$3,420	NZ\$3,063.64
TOEFL iBT	31		
PTE Academic	29		
B2 First (First Certificate in English) (formerly Cambridge English: First (FCE)) or B2 First for Schools (First Certificate in English) (formerly Cambridge English: First (FCE) for Schools)	142 to 146		

OET	Failed to achieve Grade C or higher in all four skills (Listening, Reading, Writing and Speaking), but achieved at least Grade D in all four skills*		
IELTS - General or Academic Module	3.5 or more, but less than 4.0	NZ\$5,110	NZ\$4,600.00
IELTS - General or Academic Module	Less than 3.5	NZ\$6,795	NZ\$6,131.82
TOEFL iBT	Less than 31		
PTE Academic	Less than 29		
B2 First (First Certificate in English) (formerly Cambridge English: First (FCE)) or B2 First for Schools (First Certificate in English) (formerly Cambridge English: First (FCE) for Schools)	Less than 142		
OET	Failed to achieve at least Grade D in all four skills (Listening, Reading, Writing and Speaking)*		

* A score in all four skills is required for the OET as there is no overall grade for this test.

- b. The charge includes the applicant's ESOL tuition entitlement, as well as the INZ and TEC administration costs.
- c. If an applicant has not submitted English language test results when requested, the maximum charge of NZ\$6,795 applies.

SR2.10.35 TEC to arrange ESOL tuition

- a. The applicant is entitled to tuition to the value of the ESOL entitlement component of the ESOL tuition charge. This does not include the INZ and TEC administration costs.
- b. TEC will advise the applicant of the list of suitable ESOL tuition providers in New Zealand, from which the applicant may nominate one or more of their own choice.
- c. TEC will manage the contract between the ESOL tuition provider and the applicant.
- d. The applicant must advise TEC of a contact email address.

SR2.10.40 Applicant's agreement with TEC

- a. Each applicant who pre-purchases ESOL tuition must sign an Agreement with TEC by which they agree, among other things, that they understand the rules for taking up ESOL tuition in New Zealand and the refund provisions.
- b. The content of the Agreement is determined by INZ and TEC.
- c. Included with the Agreement is a Schedule that sets out the personal details of the applicant and the amount of tuition to be purchased.

SR2.10.45 Completion of Agreement

- a. When an application for a resident visa is approved in principle, applicants will be given two copies of the Agreement to complete for each person in the application undertaking the ESOL tuition.
- b. After completion of the Agreement, one copy is retained by the applicant, and the other copy is returned to INZ processing office with the tuition fee(s).
- c. If the Agreement is not signed and returned to INZ within the time specified by INZ, the resident visa application

must be declined.

- d. The INZ copy of the Agreement should be sent to the TEC.

SR2.10.50 Failure to pre-purchase ESOL tuition

Any ESOL tuition charge due must be paid before the grant of a resident visa. If it is not paid to INZ within the specified time, the resident visa application will be declined.

SR2.10.55 Limited period to use ESOL tuition

- a. If ESOL tuition is purchased, the applicant must complete the tuition within five years from the date of payment.
- b. ESOL tuition will not be available without further payment, nor will refunds be given, to applicants who do not take up ESOL tuition within the five year time limit.

SR2.10.60 Refunds of ESOL tuition money

- a. If ESOL tuition money is paid but the principal applicant and partner and dependent children do not take up residence, a refund may be granted upon request to INZ. The request must be made in writing.
- b. Requests for refunds will be declined if they are made more than six months after the expiry of the travel conditions allowing travel to New Zealand.
- c. Immigration officers considering requests for refunds must be satisfied that the principal applicant and partner and dependent children included in the application:
 - iv. have not entered New Zealand as residents; and
 - v. do not hold resident visas with current travel conditions.
- d. The person who paid the fee will be refunded only the ESOL entitlement. INZ and TEC administration costs will not be refunded.

SR3.5 Applying for a Skilled Migrant Category Visa

SR3.5.1 Ability to apply

- a. A person who is interested in applying for a resident visa under the Skilled Migrant Category must complete an expression of interest (EOI) form in the prescribed manner.
- b. An automated electronic system may determine whether an applicant meets the requirements to be invited to apply under the Skilled Migrant Category.
- c. An automated electronic system may issue or refuse to issue an invitation to apply under these instructions based on the claims made in a person's EOI and set out in SR3.5.1(e) below.
- d. Where a decision to issue or refuse to issue an invitation to apply for a visa is made by way of an automated electronic system, that decision must for all purposes be treated as a decision of an immigration officer who is authorised to make the decision under the Immigration Act 2009.
- e. A person may only be invited to apply for a resident visa under the Skilled Migrant Category if the person expressing interest has:
 - i. confirmed that they are aged 55 or younger; and
 - ii. confirmed that none of the people included in the EOI are described in sections 15 or 16 of the Immigration Act 2009 (see A5.20) concerning character; and
 - iii. confirmed that none of the people included in the EOI would be ineligible for a medical waiver (see A4.60); and
 - iv. confirmed that all people included in the EOI meet the minimum standard of English or, where instructions allow, intend to pre-purchase English for Speakers of Other Languages tuition (see SR2.10); and
 - v. confirmed they meet the skilled employment requirements (see SR3.20); and
 - vi. claimed they **meet the pathway requirements for their chosen pathway (see SR3.10); and**
 - vii. claimed they **meet the skilled work experience in New Zealand requirements (if applicable) for their chosen pathway (see SR3.10).**

SR3.5.5 False and misleading information in an Expression of Interest

- a. It is sufficient grounds to decline a Skilled Migrant Category resident visa application made under SR instructions if:
 - i. false or misleading information was provided as part of the associated Expression of Interest (EOI); or
 - ii. relevant, potentially prejudicial information was withheld from the associated EOI; or
 - iii. an applicant or their agent failed to advise an immigration officer of any fact or material change in circumstances that occurs after an EOI is submitted that may affect a decision to invite the person to apply for a resident visa or to grant a resident visa.
- b. A decision that false or misleading information was provided does not require an immigration officer to determine whether or not the applicant personally:
 - i. knew that the information was false or misleading; or
 - ii. knew that such information was provided to INZ (for example by their agent); or
 - iii. intended to deceive Immigration New Zealand through their actions or inaction.
- c. A decision that relevant, potentially prejudicial information was withheld requires an immigration officer to be satisfied that the applicant, or their agent, knew that information, but does not require an immigration officer to determine whether or not the applicant personally intended to withhold information, or deceive Immigration New Zealand through their actions or inaction.
- d. In cases where an applicant had an agent acting on their behalf, a decision that false or misleading information was provided does not require an immigration officer to determine whether or not the agent knew that the information was false or misleading.

SR3.5.5.1 Deciding whether to decline a Skilled Migrant Category (SR) application for false, misleading or withheld information in the associated Expression of Interest

- a. Where an immigration officer determines that false or misleading information was provided, or relevant, potentially prejudicial information was withheld, in an associated EOI, the residence application under the Skilled Migrant Category (SR instructions) is to be normally declined.
- b. Despite SR3.5.5.1(a), an immigration officer must not decline the application under SR3.5.5(a) without considering the circumstances of the application.

SR3.5.10 Making an application

Applicants for a visa under the Skilled Migrant Category may only apply if:

- a. they have been invited to apply under the Skilled Migrant Category [SR3](#) instructions; and
- b. they make their application within 4 months of the date that invitation is made; and
- c. they apply under the pathway they were invited to apply under; and
- d. their invitation has not been revoked.

SR3.5.15 Invitation to Apply issued prior to 24 August 2026

Applications made on and after 24 August 2026 in response to an Invitation to Apply issued prior to 24 August 2026, will be assessed according to the Skilled Migrant Category (SR3) instructions and associated appendices in effect on 23 August 2026.

SR3.10 Summary of requirements

- a. To be granted a resident visa under the Skilled Migrant Category, all applicants must:
- meet health and character requirements for residence (see A4 and A5); and
 - meet the applicable minimum standard of English or, where instructions allow, pre-purchase English for Speakers of other Languages (ESOL) tuition (see SR2.10).
- b. In addition, the principal applicant must:
- be aged 55 or younger at the time the residence application is made; and
 - meet the skilled employment, pathway and skilled work experience requirements (as set out at (c) below) for one of the following Skilled Migrant Category pathways:
 - Points-based pathway (column A); or
 - Skilled Work Experience pathway (Column B); or
 - Trades and Technician pathway (Column C).

c. Overview of each pathway:

		Column A Points-based pathway SR3.25 6 points must be obtained from a skill category, or a combination of one skill category and skilled work experience in New Zealand.	Column B Skilled Work Experience pathway SR3.35	Column C Trades and Technician pathway SR3.40
i.	Skilled employment requirements	Skilled employment must be (SR3.25.1): - in an ANZSCO 1-3 role; and paid the SMC wage threshold; or - in an ANZSCO 4-5 role, or in a role not included in ANZSCO; and paid 1.5 times the SMC wage threshold	Skilled employment must be (SR3.35.1): - in an ANZSCO 1-3 role; and either - paid 1.1 times the SMC wage threshold; or - paid 1.2 times the SMC wage threshold for occupations on the Amber List.	Skilled employment must be (SR3.40.1): - in an ANZSCO 1-3 role; and - in an occupation listed in the Trades and Technician occupation List (Appendix 23); and - paid the SMC wage threshold.
ii.	Pathway requirements	Principal applicants must have 3-6 points from one of the following skill categories: - Income (SR3.25.10): 3-6 points based on SMC wage threshold met; or - Qualification (SR3.25.15): 3-6 points based on level and type of qualification on the NZQCF; or - New Zealand registration (SR3.25.20): 3-6 points from a recognised NZ registration, licensing or certification.	Principal applicants must have: 3 years of directly relevant work experience (SR3.35.5.1) in an ANZSCO 1-3 role; or 3 years of directly relevant work experience (SR3.35.5.1) in New Zealand, in an ANZSCO 1-3 role for occupations on the Amber List.	Principal applicants must have: - a level 4 (or higher) qualification (SR3.40.5) relevant to the skilled employment occupation; and 2 years and 6 months of directly relevant work experience (SR3.40.10.1), in an ANZSCO 1-3 role, completed post qualification.
iii.	Skilled work experience in New Zealand requirements	Any skilled work experience in New Zealand must be paid at or above either: - the SMC wage threshold (for ANZSCO 1-3 roles); or 1.5 times the SMC wage	Principal applicants must have 2 years of additional directly relevant skilled work experience in New Zealand (SR3.35.5.5): in an ANZSCO 1-3 role; and either	Principal applicants must have 18 months of additional directly relevant skilled work experience in New Zealand (SR3.40.10.5): in an ANZSCO 1-3 role; and

		threshold (for ANZSCO 4-5 roles or roles not included in ANZSCO); or - the wage required by SR3.25.10 if claiming points for income for: 2 years in the last 4 years (3 points); or 18 months in the last 3 years (2 points); or 1 year in the last 2 years (1 point).	- paid 1.1 times the SMC wage threshold; or - paid 1.2 times the SMC wage threshold if the occupation is on the Amber List. Note: This must be in addition to the 3 years of relevant work experience. Combined, the work experience must total at least 5 years.	- paid the SMC wage threshold; and - completed post level 4 qualification. Note: This must be in addition to the 2 years and 6 months of relevant work experience. Combined, the work experience must total at least 4 years.
--	--	--	--	--

- d. Principal applicants applying via the Skilled Work Experience pathway, with skilled employment in an occupation listed in Appendix 21 (the Amber List) must meet the Amber List requirements.
- e. Principal applicants with skilled employment in an occupation listed in Appendix 22 (the Red List) may only apply via the Points-based pathway.
- f. Principal applicants must meet the SMC wage threshold (including any multiplier that applies to their chosen pathway and occupation) in effect at the time:
- they began to accrue the skilled work experience in New Zealand that counts towards meeting their pathway requirements at SR3.10(c); or
 - they were invited to apply for residence (if no skilled work experience is required); or
 - their work visa was granted, if it was granted in the five months before the applicant began to accrue their skilled work experience in New Zealand that counts towards meeting the requirements at SR3.10(c)(iii).

Example #1:

- An applicant applying via the Skilled Work Experience pathway (whose occupation is not on the Amber List).
- They need 2 years of skilled work experience in New Zealand, paid at 1.1 times the SMC wage threshold accrued in the 4 years prior to applying for their residence visa.
- They began their skilled work experience in New Zealand on 10 August 2023, in a role paying \$33 per hour when the SMC wage threshold was \$32.62.
- They must be paid more than \$32.62 for both their skilled employment and skilled work experience in New Zealand, as long as they are invited to apply before 10 August 2027.
- They need 2 years of skilled work experience in New Zealand, paid at the SMC wage threshold accrued in the 4 years prior to applying for their residence visa.

Example #2:

- An applicant is applying via the Points-based pathway and in an ANZSCO 1-3 role.
- They need 2 years of skilled work experience in New Zealand, paid at the SMC wage threshold accrued in the 4 years prior to applying for their residence visa.
- They had their work visa approved on 14 January 2023, when the SMC wage threshold was \$27.76.
- They began their skilled work experience on 13 June 2023 in a role paying \$28.00 per hour when the SMC wage threshold had increased to \$29.66.
- However, as less than five months had passed between the date of visa approval and the commencement of their skilled employment, they are considered to meet the SMC wage threshold as long as they maintain at or above the wage threshold in effect on 14 January 2023 and as long as they are invited to apply before 13 June 2027.

- g. Despite (f), applicants claiming 6 points from one skill category and with skilled employment that is a contract for services must meet the wage threshold (including any multipliers) (SR3.10.5.1):
- in effect at the time they began their skilled work experience in New Zealand that counts towards their experience as a contractor; and
 - the wage threshold in effect at the time they are invited to apply for residence for their skilled employment.
- h. An applicant may be considered to meet the SMC wage threshold relevant to them if they meet the wage thresholds that were the basis for them being invited to apply for residence.

- i. For the purpose of determining whether skilled work experience has been completed within the eligible period, the eligible period is calculated backwards from the date the resident visa application is submitted.

Example:

- An applicant is applying via the Skilled work experience pathway, in an occupation that is not on the Amber List.
 - They need 2 years of skilled work experience, paid at 1.1 times the SMC wage threshold, accrued in the 4 years prior to applying for their residence visa.
 - They had their work visa granted on the 14 June 2022 and began their skilled work experience on 14 January 2023, as such the grace period of 5 months does not apply.
 - They submitted their expression of interest 13 January 2027 (within the 4 year skilled work experience window) and submitted their residence visa application on 14 March 2027 (within the 4-month ITA period).
 - At EOI, they were able to use the SMC wage threshold in effect on the date they began to accrue their skilled work experience (going back up to 4 years), in this example they can use the SMC wage threshold in effect on 14 January 2023.
 - However, skilled work experience must be accrued in the 4 years prior to residence visa application so only work experience completed from 14 March 2023 will be counted (as it must be completed within 48 months prior to submitting their residence application on 14 March 2027).
- j. Despite R5.7, where the Skilled Migrant Category instructions under SR2 refer to ANZSCO, any assessment must be based on the immigration view of version 1.3 of the ANZSCO.

Note:

The Immigration view of version 1.3 of the ANZSCO provided by Statistics New Zealand is available here: [Aria Stats NZ - ANZSCO](#)

SR3.10.1 Available pathways for applicants in Amber, Red and Trade Occupations lists

Appendix	Pathway available
	Principal applicants who have current employment, or an offer of employment, in an occupation on the applicable list may choose to express interest and, if invited, apply through the pathways listed.

SR3.10.5 Skilled Migrant Category wage threshold in effect across time

- a. The SMC wage threshold in effect for the Skilled Migrant Category across time is:

Date range	SMC wage threshold	1.1 times the SMC wage threshold	1.2 times the SMC wage threshold	1.5 times the SMC wage threshold	2 times the SMC wage threshold	3 times the SMC wage threshold
24 February 2020 – 18 July 2021	\$25.50	\$28.05	\$30.60	\$38.25	\$51.00	\$76.50
19 July 2021 – 23 October 2022	\$27.00	\$29.70	\$32.40	\$40.50	\$54.00	\$81
24 October 2022 – 26 February 2023	\$27.76	\$30.53	\$33.31	\$41.64	\$55.52	\$83.82
27 February 2023 – 27 February 2024	\$29.66	\$32.62	\$35.59	\$44.49	\$59.32	\$88.98
28 February 2024 – 17 August 2025	\$31.61	\$34.77	\$37.93	\$47.41	\$63.22	\$94.83
18 August 2025 – 8 March 2026	\$33.56	\$36.91	\$40.27	\$50.34	\$67.12	\$100.68
9 March 2026 onwards	\$35.00	\$38.50	\$42.00	\$52.50	\$70	\$105.00

SR3.10.10 Evidence

- a. An immigration officer may consider evidence and information provided in previous visa applications and submissions to Immigration New Zealand to determine whether the applicant meets the requirements for a Skilled Migrant Category visa for the pathway they were invited to apply under.
- b. In cases where any relevant details have changed since an applicant's most recent visa application, the applicant must include information and evidence of these changes (for example, their remuneration has changed, and they are relying on work in New Zealand in a role paid at least twice the SMC wage threshold).
- c. Where an immigration officer is not satisfied that sufficient information has been provided, further evidence may be requested (for example, full bank statements showing salary payment, or payslips).

SR3.15 Skilled employment

- a. The principal applicant's employment or offer of employment must be:
 - i. full-time (employment is full-time if it amounts to at least 30 guaranteed hours per week for every week worked); and
 - ii. with an employer who is accredited (and their accreditation is not suspended) at the time the residence application is either made or decided; and
 - iii. permanent or for a fixed term of at least 12 months; and
 - iv. genuine and not offered as the result of payment (see [SR2.1.5](#)).
- b. A contract for services will be acceptable where:
 - i. the **principal** applicant meets the requirements for at least 12 months of skilled work experience in New Zealand (see [SR3.20](#)); and
 - ii. the **principal** applicant has a consistent history of contract work; and
 - iii. the **principal** applicant has a current contract or contracts totalling at least 6 months duration; and
 - iv. an immigration officer is satisfied that such contract work is likely to be sustained.
- c. As evidence of current skilled employment, applicants must provide an employment agreement and job description specifying the name of the applicant, name of employer (their legal entity), occupation, hours and remuneration of the employment.
- d. For independent midwife practitioners, a letter of authority to claim under the Maternity Notice pursuant to section 94 of the Pae Ora (Healthy Futures) Act 2022, and evidence of registration with the Midwifery Council is sufficient to meet the requirements at [SR3.15\(a\)](#)(i) and (iii), and [SR3.15\(b\)](#)(ii) to (iv).
- e. Applicants must also meet any pathway-specific skilled employment requirements as listed at:
 - i. [SR3.25.1](#) for the Points-based pathway; or
 - ii. [SR3.35.1](#) for the Skilled Work Experience pathway; or
 - iii. [SR3.40.1](#) for the Trades and Technician pathway.

SR3.15.1 Determining skilled employment

In determining the ANZSCO skill level of an applicant's employment, or offer of employment, an immigration officer:

- a. will determine whether the applicant's employment is substantially consistent with the ANZSCO occupation (6-digit) level job title and description for that occupation; and
- b. may undertake a substantial match assessment (see [SR2.1.1](#)) and/or a suitably qualified assessment (see [SR3.15.5](#)).

SR3.15.5 Suitably qualified

- a. An applicant will be assessed as being suitably qualified if they:
 - i. have a relevant qualification meeting the requirements at [SR3.25.15\(a\)](#) that is at, or above, the qualification level on the New Zealand Qualifications and Credentials Framework (NZQCF) that corresponds to the indicative skill level described for their occupation in the ANZSCO; or
 - ii. have the relevant work experience that the ANZSCO indicates may substitute for the required qualification; or
 - iii. are in a skill level occupation and have five years of relevant work experience; or
 - iv. are in a skill level 2 or 3 occupation and have three years of relevant work experience; or
 - v. have current registration for their employment listed at [SR3.30](#) or Appendix 16.
- b. Qualifications are **directly** relevant to employment if the major subject area of the principal applicant's recognised qualification is directly applicable to the employment, or an immigration officer is satisfied that the qualification was a key factor in the employer's decision to employ the principal applicant in that position.
- c. Work experience is **directly** relevant to employment if the employer considers, and an immigration officer is satisfied, that the work experience is directly applicable to the employment, or the offer of employment could not reasonably have been made, or the employment could not reasonably have been undertaken, if the principal applicant did not have that work experience.
- d. Where their skilled employment is in an occupation that requires registration by law (see [Appendix 16](#)), the principal applicant must have the required full or provisional registration for that occupation in New Zealand (or a letter of eligibility from the New Zealand Medical or Dental Council) to be suitably qualified.

SR3.20 Skilled work experience in New Zealand

- a. Skilled work experience in New Zealand is time that the applicant worked in full-time employment (employment is full-time if it amounts to at least 30 hours per week for every week worked) in New Zealand, where they earned at least the equivalent of the SMC wage threshold required by their chosen pathway.
- b. The SMC wage threshold in effect over time (including any applicable multiplier) is specified in SR3.10.5
- c. Skilled work experience must have been lawfully obtained and will not be counted if the principal applicant was unlawfully in New Zealand or required authority to undertake employment but did not have such authority.
- d. The principal applicant's employment during skilled work experience in New Zealand must be genuine and not offered as the result of payment (see SR2.1.5).
- e. For skilled work experience in New Zealand, work on a contract for services is acceptable.
- f. As evidence of skilled work experience in New Zealand, applicants must provide:
 - i. employment agreements and job descriptions (previous and current), specifying the name of the applicant, name of the employer (their legal entity), occupation, hours and remuneration of any employment; and
 - ii. a summary of earnings or tax statement (for work on a contract for services) from the Inland Revenue confirming the period of work and income over any period of work.
- g. Principal applicants must also meet any pathway-specific skilled work experience in New Zealand requirements as listed at:
 - i. SR3.25.25 for the Points-based pathway; or
 - ii. SR3.35.5.5 for the Skilled Work Experience pathway; or
 - iii. SR3.40.10.5 for the Trades and Technician pathway.

Note: Skilled work experience in New Zealand does not have to be completed consecutively and can be a total of different periods, for example two 12-month periods with a gap of six months in between to make up a 24-month period.

SR3.20.1 Determining skilled work experience in New Zealand

- a. In determining the ANZSCO skill level of an applicant's employment an immigration officer:
 - i. will determine whether the applicant's employment is substantially consistent with the ANZSCO 'Occupation' (6-digit) level job title and description for that occupation; and
 - ii. may undertake a substantial match assessment (see SR2.1.1).
- b. Skilled work experience in New Zealand will start being counted when the applicant earns at least the wage required by SR3.25.1, SR3.35.1, or SR3.40.1 at that time.
- c. Skilled work experience in New Zealand will stop being counted if the applicant changes employment or their income decreases, and their new income is below the wage required by SR3.20.1(b).
- d. Any leave consistent with the definition in section 16 of the Holidays Act 2003 (including parental leave and ACC leave) taken during a period of skilled work experience in New Zealand can be counted if the applicant was earning the wage required by SR3.25.1, SR3.35.1, or SR3.40.1, (whichever is applicable) immediately before the period of leave.

SR3.25 Points-based pathway

SR3.25.1 Skilled employment for the Points based pathway

Principal applicants applying via the Points-based pathway must have current employment, or an offer of employment, in New Zealand that pays at least the equivalent of:

- a. the SMC wage threshold (see SR3.10.5) if their occupation is listed at ANZSCO skill level 1-3; or
- b. 1.5 times the SMC wage threshold (see SR3.10.5) if their occupation is listed at ANZSCO skill level 4-5 or not included in ANZSCO.

Note: The SMC wage threshold in effect over time (including any applicable multiplier) can be found in SR3.10.5, to determine the date that applies, refer to SR3.10(f).

SR3.25.5 Points Summary for the Points-based pathway

- a. Principal applicants applying via the Points-based pathway must qualify for 6 points from:
 - i. one points-based skill category (income, qualification, or New Zealand registration); or
 - ii. a combination of one points-based skill category and their skilled work experience in New Zealand (see SR3.25.25).
- b. The principal applicant may qualify for the following points from one skill category (income, qualification, or New Zealand registration):

Income (SR3.25.10)	Points
At least 3 times the SMC wage threshold	6
At least 2 times the SMC wage threshold	4
At least 1.5 times the SMC wage threshold	3

Or

Qualification Equivalent under the New Zealand Qualifications and Credentials Framework* (SR3.25.15)	Points
Level 10 doctoral degree Level 9 New Zealand master's degree and a bachelor's degree (from any country) Level 9 overseas combined master's and bachelor's degree	6
Level 9 New Zealand master's degree Level 9 overseas master's degree and a bachelor's degree (from any country) Level 8 New Zealand honours degree and a bachelor's degree (from any country) Level 8 New Zealand combined honours and bachelor's degree Level 8 New Zealand postgraduate diploma and a bachelor's degree (from any country) Level 8 New Zealand postgraduate certificate and a bachelor's degree (from any country) Level 7 New Zealand bachelor's degree	5
Level 8 overseas honours degree and a bachelor's degree (from any country) Level 8 overseas combined honours and bachelor's degree Level 8 overseas postgraduate Diploma and a bachelor's degree (from any country) Level 8 overseas postgraduate certificate and a bachelor's degree (from any country) Level 7 overseas bachelor's degree	4

*If the principal applicant provides an [International Qualification Assessment](#) that does not specify a listed qualification

type, they may qualify for the points listed at SR3.25.15(c).

Or

New Zealand registration, licensing, or certification (SR3.25.20, SR3.30)	Points
A registration, license, or certification must be listed at SR3.30, which defines the requirements and number of points awarded for each.	6
	5
	4
	3

- c. In addition to one **points-based** skill category, applicants may qualify for points for their skilled work experience in New Zealand:

Skilled work experience in New Zealand (SR3.25.25)	Points
2 years	3
1 year and 6 months	2
1 year	1

SR3.25.10 Income

- a. When claiming points for income, the principal applicant must have full-time employment or an offer of full-time employment in New Zealand (employment is full time if it amounts to at least 30 guaranteed hours per week for every week worked) which pays at least the equivalent of:
- 3 times **the SMC wage threshold** to qualify for 6 points; or
 - 2 times **the SMC wage threshold** to qualify for 4 points; or
 - 1.5 times **the SMC wage threshold** to qualify for 3 points.

Note: The SMC wage threshold in effect over time (including any applicable multiplier) can be found in SR3.10.5, to determine the date that applies, refer to SR3.10(f).

- b. As evidence of income, applicants must provide an employment agreement and job description specifying the name of the applicant, the name of the employer (their legal entity), occupation, hours and remuneration of the employment.
- c. For the avoidance of doubt, where an applicant is applying via the points-based pathway and is claiming points for income, the SMC wage threshold for any skilled work experience must also meet the applicable multiplier.

Example:

- An applicant is claiming four points for skilled employment paid at two times the SMC wage threshold.
- Their work visa was granted on 12 December 2024, and they began their skilled work experience on 10 January 2025. They applied for their SMC resident visa on 10 September 2026.
- As the applicant began working within 5 months of their work visa grant date, the SMC wage threshold in effect on 12 December 2024 applies.
- Two times the SMC wage threshold on that date was \$63.22.
- The applicant must maintain income at or above \$63.22 for both their skilled work experience and their skilled employment.

SR3.25.15 Qualification

- a. When claiming points for a qualification, the principal applicant must hold a qualification **or qualifications** recognised on the New Zealand Qualifications and Credentials Framework (NZQCF) **and meet the evidential requirements to qualify for points as per the following table:**

	Qualification	Points	Evidential requirements*
			*Despite the list below, an immigration officer may ask for more evidence of qualifications or studies if they consider it necessary to determine whether the requirements are met.
i	Level 10 New Zealand doctoral degree	6	- Qualification certificate, or - letter of eligibility to graduate (if applicable) as per SR3.25.15(g)
ii	Level 10 overseas doctoral degree	6	- Qualification certificate; and - an International Qualification Assessment (IQA), for the doctoral degree unless the qualification is included on the List of Qualifications Exempt from Assessment (LQEA) (Appendix 17).
iii	Level 9 New Zealand master's degree and a bachelor's degree (from any country); or Level 9 New Zealand combined master's and bachelor's degree	6	- Master's degree qualification certificate; and - Bachelor's degree certificate and transcript unless SR3.25.15(e) applies.
iv	Level 9 New Zealand master's	5	Qualification certificate
v	Level 9 overseas master's degree and a bachelor's degree (from any country); or Level 9 overseas combined master's and bachelor's degree	5	- Master's degree qualification certificate; and - an International Qualification Assessment (IQA), for the master's degree unless the qualification is included on the List of Qualifications Exempt from Assessment (LQEA) (Appendix 17); and - Bachelor's degree qualification certificate; and transcript unless SR3.25.15(e) applies.
vi	Level 8 New Zealand honour's degree and a bachelor's degree (from any country); or Level 8 New Zealand postgraduate diploma and a bachelor's degree (from any country); or Level 8 New Zealand postgraduate certificate and a bachelor's degree (from any country)	5	- Level 8 qualification certificate; and - Bachelor's degree qualification certificate; and - Bachelor's degree transcript.
vii	Level 7 New Zealand bachelor's degree	5	Bachelor's degree qualification certificate
viii	Level 8 overseas honours degree and a bachelor's degree (from any country); or Level 8 overseas postgraduate diploma and a bachelor's degree (from any country); or Level 8 overseas postgraduate certificate and a bachelor's degree (from any country)	4	- Level 8 qualification certificate; and - An International Qualification Assessment (IQA) for the level 8 qualification, unless the qualification is included on the List of Qualifications Exempt from Assessment (LQEA) (Appendix 17); and - Bachelor's degree qualification certificate; and - Bachelor's degree transcript.
ix	Level 7 overseas bachelor's degree	4	- Bachelor's degree qualification certificate, and - An International Qualification Assessment (IQA) for the bachelor's degree, unless the qualification is included on the List of Qualifications Exempt from Assessment (LQEA) (Appendix 17);

- b. As evidence of qualifications, for which they are claiming points, applicants must provide their qualification certificate and if the qualification is from outside New Zealand:
 - i. International Qualifications Assessment (IQA) from the NZQA; or
 - ii. the qualification must be included on the List of Qualifications Exempt from Assessment (Appendix 17).
- c. If the principal applicant provides an IQA and it does not confirm their qualification is equivalent to a specific New Zealand qualification type listed at (a) above, their IQA must recognise the qualification on the NZQCF as:
 - i. a level 10 qualification to qualify for 5 points; or
 - ii. a level 9 qualification to qualify for 4 points; or
 - iii. a level 8 qualification to qualify for 3 points.
- d. Applicants claiming points for a level 8 or 9 qualification (unless claiming 5 points for a New Zealand master's degree) must hold a bachelor's degree (from any country). As evidence of the bachelor's degree, applicants must provide:
 - i. their bachelor's qualification certificate (or equivalent); and
 - ii. an academic transcript (or equivalent) of their course.
- e. Despite (d), where an applicant has completed a combined master's and bachelor's programme resulting in a combined master's qualification with no separate bachelor's qualification certificate, only their academic transcript (or equivalent) is required as evidence for their bachelor's degree.
- f. Despite the requirements in (a) above to hold the qualification when claiming points for a level 10 Doctoral degree from a New Zealand University an applicant may instead provide evidence they have met all the requirements to graduate with a Doctoral degree to qualify for 6 points.
- g. As evidence of meeting requirements in (f) above, the applicant may provide a 'letter of eligibility to graduate' from their University stating that they have met all the requirements to graduate with a Doctoral degree.
- h. Applicants claiming 6 points for a level 9 New Zealand master's must have completed at least 30 weeks of full-time study in New Zealand as part of their master's qualification. A definition of 'full time study' can be found at U6.1.1.

Notes:

Study weeks include exam preparation time and exclude holiday periods, time spent repeating failed components, and time spent studying a different qualification where the credits have been transferred to the qualification that has been completed.

An IQA:

- assesses an overseas qualification (or group of qualifications) by stating the learning outcomes of the closest equivalent New Zealand qualification; and
- states the NZQCF level and qualification type of that equivalent qualification; and
- refers to any verification of the applicant's qualifications undertaken by the NZQA.

SR3.25.20 New Zealand registration, licensing, or certification

- a. When claiming points for New Zealand registration, licensing, or certification, the principal applicant must hold a recognised New Zealand registration, license or certification and meet the requirements listed in the table at SR3.30, to qualify for the points listed at SR3.30.
- b. Unless specified at [SR3.30](#), any form of provisional, trainee, intern, or limited registration, license, certification or scope of practice does not qualify for points.
- c. As evidence of New Zealand registration, licensing or certification, principal applicants must provide documentation confirming:
 - i. the registration, licensing, or certification body; and
 - ii. the name of their registration, license, or certification and/or scope of practice; and
 - iii. any other requirements listed at [SR3.30](#) to be awarded points.

SR3.25.25 Skilled work experience in New Zealand for the Points-based pathway

- a. To qualify for points from skilled work experience, principal applicants applying via the Points-based pathway must complete skilled work experience in New Zealand, prior to submitting the residence application, for:
 - i. 2 years in the prior 4 years to qualify for 3 points; or
 - ii. 1 year and 6 months in the prior 3 years to qualify for 2 points; or
 - iii. 1 year in the prior 2 years to qualify for 1 point.

- b. Applicants claiming 6 points from one points-based skilled category (SR3.25.5) and holding contracts for services for their skilled employment must complete 1 year of skilled work experience in New Zealand, in the 2 years prior to submitting the residence instructions.
- c. Skilled work experience must be paid at least:
- the SMC wage threshold (see SR3.10.5) if their occupation is listed at ANZSCO skill level 1-3; or
 - 1.5 times the SMC wage threshold (see SR3.10.5) if their occupation is listed at ANZSCO skill level 4-5 or not included in ANZSCO; or
 - the wage required by SR3.25.10 if they are claiming points for income.

Note: The SMC wage threshold in effect over time (including any applicable multiplier) can be found in SR3.10.5, to determine the date that applies, refer to SR3.10(f).

Example: If an applicant began working in a role paying \$28.00 per hour on 14 January 2023 when the SMC wage threshold was \$27.76 and they need to accrue 2 years of work experience in the 4 years prior to their SMC application, provided they maintain this rate, and they are invited to apply for residence under SMC before 13 January 2027, they will be considered to meet the SMC wage threshold (see SR3.10.5).

- d. Applicants claiming points for recognised New Zealand registration, licensing, or certification, must complete their skilled work experience in New Zealand after gaining that registration, license, or certification.
- e. For the avoidance of doubt, where an applicant's skilled work experience was obtained in an ANZSCO skill level 4-5 role, but their offer of employment is in an ANZSCO skill level 1-3 role (or vice versa), their relevant SMC wage is the rate in effect on the date they began to accrue skilled work experience in New Zealand.

Example:

- Applicant has 5 points from registration and needs 1 point from 1 year of skilled work experience in New Zealand
- The applicant's skilled work experience was in a 4-5 role
- They began their skilled work experience on 10 August 2025 when 1.5 times SMC wage threshold was \$47.71
- For their skilled work experience in New Zealand, they must have been paid at or above \$47.41
- Now they are applying for SMC, their skilled employment is in an ANZSCO 1-3 role
- ANZSCO 1-3 roles must be paid the SMC wage threshold
- The SMC wage threshold on the date they began to accrue their skilled work experience in New Zealand was \$31.61
- As such, the applicant must be paid at or above \$31.61 for their skilled employment.

SR3.35 Skilled Work Experience Pathway

SR3.35.1 Skilled employment for the Skilled Work Experience pathway

- a. Principal applicants applying via the Skilled Work Experience pathway must have current employment, or an offer of employment, in New Zealand that:
 - i. is in an occupation listed at ANZSCO skill level 1-3, that is not listed in Appendix 22 (The Red List); and either
 - ii. pays at least 1.1 times the SMC wage threshold (see SR3.10.5); or
 - iii. pays at least 1.2 times the SMC wage threshold (see SR3.10.5) if the occupation is listed in Appendix 21 (The Amber List).

Note: The SMC wage threshold in effect over time (including any applicable multiplier) can be found in SR3.10.5, to determine the date that applies, refer to SR3.10(f).

SR3.35.5 Work experience requirements for the Skilled Work Experience pathway

- a. Principal applicants applying via the Skilled Work Experience pathway must demonstrate that they have at least a total of 5 years of work experience, including:
 - i. at least 3 years of directly relevant work experience (see SR3.35.5.1); and
 - ii. at least an additional 2 years of skilled work experience in New Zealand (see SR3.35.5.5).
- b. Skilled work experience must be in an ANZSCO skill level 1-3 role.
- c. The same work experience cannot be counted for both directly relevant (SR3.35.5.1) and skilled work experience in New Zealand (SR3.35.5.5).

SR3.35.5.1 Directly relevant work experience requirements for the Skilled Work Experience pathway

- a. Directly relevant work experience must be:
 - i. full-time (employment is full-time if it amounts to at least 30 hours per week for every week worked); and
 - ii. in an occupation listed at ANZSCO skill level 1-3; and
 - iii. directly relevant to the offer of skilled employment; and
 - iv. completed in the 10 years immediately prior to submitting the current residence application.
- b. Work experience must not be self-employment.
- c. Directly relevant work experience can be accrued in any country (including New Zealand), unless the applicant's skilled employment is in an occupation in Appendix 21 (The Amber List), in which case, it must be accrued in New Zealand.
- d. As evidence of work experience, applicants must provide:
 - i. an employment agreement or an employment contract or a service agreement (previous and current), specifying the name of the applicant, name of the employer (their legal entity), occupation, hours and remuneration of any employment; and
 - ii. a summary of earnings or tax statement (for work on a contract for services) confirming the period of work and income over any period of work.

SR3.35.5.5 Skilled work experience in New Zealand for the Skilled Work Experience pathway

- a. Skilled work experience in New Zealand for the Skilled Work Experience pathway must be:
 - i. directly relevant to the offer of employment or skilled employment; and
 - ii. completed within the 4 years prior to submitting the residence application; and either
 - iii. paid at least 1.1 times the SMC wage threshold (see SR3.10.5) unless (iv) below applies; or
 - iv. paid at least 1.2 times the SMC wage threshold (see SR3.10.5) for occupations listed in Appendix 21 (The Amber List).

Note: The SMC wage threshold in effect over time (including any applicable multiplier) can be found in SR3.10.5, to determine the date that applies, refer to SR3.10(f).

Example: If an applicant began working in a role paying \$31.00 per hour on 14 January 2024, when 1.1 times the SMC wage threshold was \$30.53, and they need to accrue 2 years of work experience in the 4 years prior to their SMC application, they will meet the SMC wage threshold provided they maintain a pay rate of over \$30.53 and are invited to apply for their resident visa before 13 January 2027 (see SR3.10.5).

Note: Skilled work experience is considered to be directly relevant to the offer of employment if it meets

SR3.35.10 Determining work experience for the Skilled Work Experience pathway

- a. In determining the ANZSCO skill level of an applicant's work experience an immigration officer:
 - i. will determine whether the applicant's employment is substantially consistent with the ANZSCO 'Occupation' (6-digit) level job title and description for that occupation; and
 - ii. may undertake a substantial match assessment (see SR2.1.1).
- b. If an immigration officer is unable to determine a claimed substantial match to an ANZSCO occupation, they may request evidence of the tasks associated with that employment to assess whether the previous employment displays the characteristics of that occupation in terms of the relevant ANZSCO 'Unit Group' (4-digit) level description of tasks for that role.
- c. Work experience is directly relevant to employment if the employer considers, and an immigration officer is satisfied, that the work experience is directly applicable to the employment, or the offer of employment could not reasonably have been made, or the employment could not reasonably have been undertaken, if the principal applicant did not have that work experience.

SR3.40 Trades and Technician Pathway

SR3.40.1 Skilled employment for the Trades and Technician pathway

Principal applicants applying via the Trades and Technician pathway must have current employment, or an offer of employment, in New Zealand that:

- a. is in an occupation listed in Appendix 23; and
- b. pays at least the equivalent of the SMC wage threshold (see SR3.10.5).

Note: The SMC wage threshold in effect over time (including any applicable multiplier) can be found in SR3.10.5, to determine the date that applies, refer to SR3.10(f).

SR3.40.5 Level 4 (or above) qualification for the Trades and Technician pathway

- a. When applying via the Trades and Technician pathway, the principal applicant must hold a level 4 (or above) qualification that is recognised on the New Zealand Qualifications and Credentials Framework (NZQCF) framework and relevant to their current role or offer of employment (as specified at SR3.40.1 above).
- b. In addition to (a) above, where the qualification is gained in New Zealand, it must be made up of:
 - i. at least 120 credits in a single qualification; or
 - ii. less than 120 credits at level 4 or above, and the principal applicant holds a prerequisite qualification (or multiple prerequisite qualifications) all of which are gained in New Zealand, and where all qualifications together add up to at least 120 credits (including the level 4 or above qualification).

Example: One New Zealand level 3 qualification at 60 credits that is a pre-requisite to a relevant level 4 New Zealand qualification at 60 credits would meet the requirement in (b)(ii).

Note: For the purpose of assessing (b), any credits must be recognised by the New Zealand Qualifications and Credentials Framework (NZQCF).

- c. For the purpose of (a) and (b) above:
 - i. A qualification is considered relevant to an applicant's current role, or offer of employment, if the major subject area of the principal applicant's recognised qualification is directly applicable to the employment, or an immigration officer is satisfied that the qualification was a key factor in the employer's decision to employ the principal applicant in that position.
 - ii. Credits obtained in recognition of prior learning will not count towards the 120-credit minimum requirement.

Note: Recognition of prior learning is where existing skills and knowledge are recognised as equivalent to those taught in a formal education setting for the purposes of awarding credit toward a qualification.

- d. As evidence of qualification, applicants must provide:
 - i. their qualification certificate and an academic transcript (or equivalent), if the qualification is from New Zealand, or
 - ii. their qualification certificate and an International Qualifications Assessment (IQA) from the NZQA, if the qualification is from outside New Zealand.

SR3.40.10 Work Experience for the Trades and Technician pathway

- a. Principal applicants applying via the Trades and Technician pathway must have a total of 4 years work experience, including:
 - i. at least 2 years and 6 months of relevant work experience accrued from any country (including New Zealand); and
 - ii. at least an additional 18 months of skilled work experience accrued in New Zealand.
- b. The same work experience cannot be counted for both relevant (SR3.40.10.1) and skilled work experience in New Zealand (SR3.40.10.5).
- c. All work experience must be accrued after receiving their relevant level 4 (or above) trade qualification (SR3.40.5).

SR3.40.10.1 Directly relevant work experience requirements for the Trades and Technician pathway

- a. Directly relevant work experience must be:
 - i. full-time (employment is full-time if it amounts to at least 30 hours per week for every week worked).
 - ii. in an occupation listed at ANZSCO skill level 1-3; and
 - iii. directly relevant to the offer of skilled employment; and
 - iv. completed in the 10 years immediately prior to submitting their residence application; and
- b. Directly relevant work experience can be accrued in any country (including New Zealand).

- c. Work experience must not be self-employment.
- d. As evidence of work experience applicants must provide:
 - i. An employment agreement or an employment contract or a service agreement (previous and current), specifying the name of the applicant, name of the employer (their legal entity), occupation, hours and remuneration of any employment; and
 - ii. a summary of earnings or tax statement (for work on a contract for services) confirming the period of work and income over any period of work.

SR3.40.10.5 Skilled work experience in New Zealand for the Trades and Technician pathway

- a. Skilled work experience in New Zealand for the Trades and Technician pathway must be:
 - i. paid at least the equivalent of the SMC wage threshold; and
 - ii. directly relevant to the offer of employment or skilled employment; and
 - iii. completed within the 3 years prior to submitting the residence application; and
 - iv. in an occupation listed at ANZSCO skill level 1-3.

Example: If an applicant began working in a role paying \$30.00 per hour on 14 January 2024 when the SMC wage threshold was \$29.66 and they need to accrue 18 months of work experience in the 36 months prior to their SMC application, if they maintain a rate of over \$29.66 they will be considered to meet the SMC wage threshold as long as they apply for their resident visa before 13 January 2027 (see SR3.10.5 for the SMC wage threshold in effect across time).

SR3.40.15 Determining work experience for the Trades and Technician pathway

- a. In determining the ANZSCO skill level of an applicant's work experience an immigration officer:
 - i. will determine whether the applicant's employment is substantially consistent with the ANZSCO occupation (6-digit) level job title and description for that occupation; and
 - ii. may undertake a substantial match assessment (see SR2.1.1).
- b. If an immigration officer is unable to determine a claimed substantial match to an ANZSCO occupation, they may request evidence of the tasks associated with that employment to assess whether the previous employment displays the characteristics of that occupation in terms of the relevant ANZSCO 'Unit Group' (4-digit) level description of tasks for that role.
- c. For applicants applying via the Trades and Technician pathway, work experience will only begin to be counted after the relevant qualification has been received.
- d. Work experience is directly relevant to employment if:
 - i. the employer considers, and an immigration officer is satisfied, that the work experience is directly applicable to the employment, or
 - ii. the offer of employment could not reasonably have been made, or
 - iii. the employment could not reasonably have been undertaken, if the principal applicant did not have that work experience.
- e. An applicant is eligible for the Trades and Technician pathway if their occupation was listed in Appendix 23 at the time the applicant began accruing their skilled work experience in New Zealand, even if the occupation was subsequently removed.

SR5 Green List: Work to Residence

SR5.5 Summary of requirements

- a. To be granted a Green List: Work to Residence visa, all applicants must:
 - i. meet health and character requirements for residence (see [A4](#) and [A5](#)); and
 - ii. meet the applicable minimum standard of English or, where instructions allow, pre-purchase English for Speakers of Other Languages (ESOL) tuition (see [SR2.10](#)).
- b. In addition, the principal applicant must:
 - i. hold a work visa or a critical purpose visitor visa with work conditions at the time the residence application is made; and
 - ii. meet acceptable employment requirements in a Tier 2 Green List occupation (see SR5.10); and
 - iii. have completed 24 months of work in New Zealand in a Tier 2 Green List occupation (see SR5.15); and
 - iv. **meet the relevant wage rate in effect at the time:**
 - they began to accrue work experience in New Zealand that counts towards their residence requirements; or
 - their work visa was granted, if it was granted in the five months before the applicant began to accrue their work experience in New Zealand; and
 - v. be aged 55 or younger at the time the residence application is made.
- c. **An applicant may be considered to meet the relevant wage rate when they apply for residence if they meet the rate for their occupation in effect on the applicable date specified in (b)(iv) above.**
- d. **For the purpose of these instructions, applicants must accrue 24 months of work experience in New Zealand within the 30 months immediately prior to submitting their residence application.**

Note:

For the purposes of determining whether work experience has been completed within the 30-month period, this period is calculated backwards from the date the resident visa is submitted.

Example:

A loader operator began their skilled work experience on 2 March 2026 with a remuneration of 1.15x the median wage (\$38.59 per hour at that time). When they apply for residence on 3 November 2028, they need to have accrued 24 months of skilled work experience in the 30-month period immediately before (i.e. in the period from 2 March 2026 to 2 November 2028). The pay rate that they need to meet when they apply for residence is the rate that applied when they began to accrue their work experience, i.e. \$38.59 per hour.

Example:

- An applicant has their work visa approved on 14 November 2025, for an occupation which must be paid at least the median wage. The median wage at that time was \$33.56 per hour.
- They began their skilled work experience on 12 March 2026 in a role paying \$34.00 per hour when the median wage had increased to \$35.00.
- However, as less than five months had passed between the date of work visa approval and the commencement of their skilled employment, they are considered to meet the relevant wage rate for that occupation as long as they maintain at or above the median wage in effect on 14 November 2025 and submit an application for residence by 12 September 2028. If maintained, this wage rate (\$33.56 per hour) is the wage rate that applies at the time of the residence application.
- (This assumes the 30 month period immediately before applying for residence is 12 March 2026 – 12 September 2028).

- e. Applications must be made using the approved online form provided on the Immigration New Zealand website.

SR5.5.1 Evidence

- a. To demonstrate meeting specified evidential requirements for a Green List occupation (see [Appendix 13](#)) the applicant can provide the following:
 - i. Qualification – the qualification and, if the Green List requirement is for a New Zealand qualification and the qualification is from outside New Zealand, an International Qualification Assessment (IQA) from the New Zealand Qualifications Authority (NZQA).

Note: An IQA:

- assesses an overseas qualification (or group of qualifications) by stating the learning outcomes of the closest New Zealand equivalent qualification; and

- states the NZQCF level and qualification type of that equivalent qualification; and
- refers to any verification of the applicant's qualifications undertaken by the NZQA.

- ii. Registration or Professional Membership - documentation confirming registration or professional membership.
- iii. Acceptable employment in a specified occupation - employment agreement and job description specifying the occupation.
- iv. Acceptable work in New Zealand - employment agreement and job description (previous and current) stating the duration of employment, position and remuneration and a summary of earnings from Inland Revenue confirming a period of at least 24 months' work.
- v. Pay rate - employment agreement and job description stating the occupation, hours, and remuneration. A summary of earnings from Inland Revenue if the applicant has worked in New Zealand.

Note: Where an immigration officer is not satisfied that sufficient information has been provided through the requirements under (a)(v), further evidence may be requested such as full bank statements showing salary payment, or payslips.

- b. In cases where any of the details listed at SR5.5.1(a) have changed since an applicant's most recent work visa application and these details are material to their application (for example their remuneration has changed and they are relying on work in New Zealand in a role paid at least twice median wage, an applicant must include the evidence of these changes as set out in SR5.5.1(a).
- c. An Immigration Officer may consider evidence and information provided in previous work visa applications to determine whether the applicant:
 - i. has a total of 24 months of acceptable work in New Zealand; or
 - ii. meets the requirements specified in the Green List.

SR5.10 Acceptable employment in a Tier 2 Green List role

- a. Acceptable employment in a Tier 2 Green List role is employment where the immigration officer is satisfied that:
 - i. the principal applicant holds current employment or an offer of employment for an occupation listed in Tier 2 of [Appendix 13](#); and
 - ii. the requirements of the principal applicant's occupation specified in Tier 2 of [Appendix 13](#) are met; and
 - iii. the remuneration for the employment or offer of employment is either:
 - iv. at or above the hourly rate specified in Tier 2 of [Appendix 13](#) where an occupation has remuneration requirements; or
 - v. at or above the median wage (see SR5.15.1); and
 - vi. the employment or offer of employment is with an employer who is accredited (and their accreditation is not suspended) at the time the residence application is either made or decided; and
 - vii. the employment is full-time (employment is full-time if it amounts to at least 30 guaranteed hours per week for every week worked); and
 - viii. the employment is permanent or for a fixed term of at least 12 months from when the application is made; and
 - ix. the employment is genuine and is not offered as a result of payment (see [SR2.1.5](#)).
- b. Despite (a)(i) above, acceptable employment also includes current employment in an occupation that was previously listed on the Green List at some point in the applicant's 24 month period, and the applicant has completed 24 months' work in New Zealand in that occupation (see [SR5.15](#)).
- c. For the purposes (a)(iii), the applicable remuneration for the employment or offer of employment is the relevant wage rate for that occupation in effect at the point in time specified at SR5.5(b)(iv).
- d. For roles that do not require occupational registration, an immigration officer may be required to assess whether the employment matches the Green List occupation. In determining whether employment is for a role on the Green List an immigration officer may undertake a substantial match assessment (see [SR2.1.1](#)).

Notes: For the purposes of undertaking a substantial match assessment, immigration officers must make an assessment based on Version 1.2 of the ANZSCO, which is available at www.immigration.govt.nz/anzsco.

SR5.15 Requirements for 24 months of work in New Zealand in a Tier 2 Green List role

- a. Applicants must have worked for at least 24 months in New Zealand in an occupation on Tier 2 of the Green List during the 30-month period immediately before the date the residence application is made.
- b. To be considered as having worked in a Tier 2 Green List occupation, applicants must have met the requirements for their occupation as specified in the Green List for the duration of the 24 month period.
- c. For the 24 months of work in New Zealand, applicants must have been working full-time (at least 30 hours a week) in a Tier 2 Green List occupation and held one of the following visas:
 - i. any work visa; or
 - ii. a critical purpose visitor visa with work conditions; or
 - iii. an interim visa granted while the applicant held a work visa or a critical purpose visitor visa with work conditions and had applied for a further work visa.
- d. Where an occupation has remuneration requirements, the work period will start to be counted when the applicant's remuneration reaches the hourly rate specified in Tier 2 of [Appendix 13](#) for that occupation in effect at that time (provided they hold a visa described in (c) above).
- e. Where an occupation does not have remuneration requirements, the work period will start to be counted when the applicant's remuneration is at or above the median wage (see SR5.15.1) in effect at that time (provided they hold a visa described in (c) above).
- f. Despite (d) and (e), where an applicant's work visa was granted, and they began to accrue work experience in New Zealand within five months of the grant date, the relevant wage rate in effect on the grant date will apply (see examples at SR5.5).
- g. The work period (while earning the specified hourly rate) will stop being counted if:
 - i. the applicant ceases to hold one of the visas listed in (c) above; or
 - ii. the applicant changes occupation, and their new income is below the required wage rate for that occupation, which is either:
 - o the median wage (SR5.15.1); or
 - o the hourly rate specified in Tier 2 of [Appendix 13](#) for that occupation; or
 - iii. the applicant's remuneration decreases, and the new rate is below the required wage rate for that occupation, which is either:
 - o the median wage (SR5.15.1); or
 - o the hourly rate specified in Tier 2 of [Appendix 13](#) for that occupation.
- h. A table showing the median wage rate and the wage rates for Green List Tier 2 occupations (Appendix 13) with remuneration requirements in effect across time is set out under SR5.15.1.
- i. For the purposes of (g), the required wage rate is the relevant wage rate that applied for that occupation at the point in time specified at SR5.5(b)(iv).

Note: Where remuneration requirements apply, work in New Zealand will not stop being counted if the specified hourly rate in immigration instructions increases as long as the applicant's income does not decrease and they have not changed occupation.

For example, a crane operator must be paid an hourly rate of 1.3x the median wage. An applicant can start counting work experience from 18 August 2025 if they earn \$43.63 an hour (1.3x the median wage in effect at the time). When the wage requirement increases to \$45.50 an hour on 9 March 2026, they can keep counting their work if they are still a crane operator earning \$43.63 an hour.

- j. Despite (e) and (g) above, where an occupation does not have remuneration requirements, applicants who hold or held a visa that was applied for before 29 September 2023 are not required to be paid at or above the median wage for any work in New Zealand gained on and after 29 September 2021 for the period they spent holding a visa described in (c) above.
- k. For the purposes of these instructions, any leave consistent with section 16 of the Holidays Act 2003 (including parental leave and ACC leave) taken during a period of work in New Zealand in a Tier 2 Green List role can be counted.
- l. Despite (a) above, where an occupation is removed from the Tier 2 Green List after the applicant has started to count work in New Zealand towards the 24 months required, the work can continue to be counted if:
 - i. the applicant remains in the occupation; and
 - ii. continues to meet the requirements of the Green List as they were listed for the duration of the 24 month period.
- m. If an applicant has worked in New Zealand for at least 24 months in the last 30 month period but has not

maintained a role in a Green List Tier 2 occupation for the full 24 months, they can still be considered for the grant of residence if they meet the requirements set out for work in New Zealand earning at least twice the median wage (see [SR5.20](#)) for the balance of the 24 months.

Note: The 24 months of work in New Zealand does not have to be gained consecutively and can be a total of different periods, for example two 12-month periods with a gap of six months between. Additionally, it can be made up of different types of work in New Zealand, for example 18 months in a Tier 2 Green List role and six months in a role paid twice the median wage.

SR5.15.1 Wage rates for Green List Tier 2 occupations with remuneration requirements ([Appendix 13](#)) across time

Date range	Median hourly wage	Median hourly wage plus 15% (Telecommunications Technician, Civil Machinery Operators, Panel Beater, Vehicle Painter)	Median hourly wage plus 30% (Crane Operator, Metal Fabricator, Pressure Welder, Welder, Fitter (General), Fitter and Turner, Fitter-Welder, Metal Machinist (First Class))	Median hourly wage plus 50% (Building Associate)
29 September 2021 – 3 July 2022	\$27.00	\$31.05	\$35.10	\$40.50
4 July 2022 – 26 February 2023	\$27.76	\$31.96	\$35.96	\$41.49
27 February 2023 – 27 February 2024	\$29.66	\$34.11	\$38.56	\$44.49
28 February 2024 – 17 August 2025	\$31.61	\$36.35	\$41.09	\$47.41
18 August 2025 – 8 March 2026	\$33.56	\$38.59	\$43.63	\$50.34
From 9 March 2026	\$35.00	\$40.25	\$45.50	\$52.50

Note: The median wage rate of \$35.00 (from 9 March 2026) for Green List Tier 2 reflects the June 2025 publication of median wage data by Statistics New Zealand.

SR5.20 Work in New Zealand earning at least twice the median wage

- a. Evidence that the applicant has earned twice the median wage can be demonstrated by:
 - i. an employment agreement specifying their remuneration is at least twice the median wage (SR5.20(h)); or
 - ii. a summary of earnings from Inland Revenue.
- b. For the 24 months of work in New Zealand, applicants must have been earning twice the median wage (SR5.20(h)) while in full-time employment (at least 30 hours per week) and held one of the following visas:
 - i. any work visa; or
 - ii. a critical purpose visitor visa with work conditions; or
 - iii. an interim visa granted while the applicant held a work visa or a critical purpose visitor visa with work conditions and had applied for a further work visa.
- c. The 24 months of work must be gained during the 30-month period immediately before the date the residence application is made.
- d. Highly paid work will start to be counted when the applicant's remuneration reaches at least twice the median hourly rate in place at that time as specified in the immigration instructions (SR5.20(h)) (provided they hold a visa described in (b) above).
- e. Despite (d), where an applicant's work visa was granted, and they began to accrue work experience in New Zealand within five months of the grant date, the relevant wage rate in effect on the grant date will apply.
- f. Work gained while earning at least twice the median wage will stop being counted if:
 - i. the applicant ceases to hold one of the visas listed in (b) above; or
 - ii. the applicant ceases to maintain the relevant wage rate.
- g. For the purposes of (f), the required wage rate is the relevant wage rate that applied at the point in time specified at SR5.5(b)(iv).
- h. Twice the median wage rates in effect across time are:

Date range	Twice median hourly rate
29 September 2021 – 3 July 2022	\$54.00
4 July 2022 – 26 February 2023	\$55.52
27 February 2023 - 27 February 2024	\$59.32
28 February 2024 – 17 August 2025	\$63.22
From 18 August 2025 – 8 March 2026	\$67.12
From 9 March 2026	\$70.00

- i. For the purpose of these instructions, any leave consistent with the definition in section 16 of the Holidays Act 2003 (including parental leave and ACC leave) taken during a period of work in New Zealand earning at least twice the median wage can be counted.

Notes:

- The twice median wage rate of \$70.00 (from 9 March 2026) for SR5.20 instructions reflects the June 2025 publication of median wage data by Statistics New Zealand.
- The 24 months of work in New Zealand does not have to be completed consecutively and can be a total of different periods, for example two 12-month periods with a gap of six months between. Additionally, it can be made up of different types of work in New Zealand, for example 6 months in a Tier 2 Green List role and 18 months in a role paid twice the median wage.

SR6 Care Workforce: Work to Residence

SR6.5 Summary of requirements

- a. To be granted a Care Workforce: Work to Residence visa, all applicants must:
 - i. meet health and character requirements for residence (see [A4](#) and [A5](#)); and
 - ii. meet the applicable minimum standard of English or, where instructions allow, pre-purchase English for Speakers of Other Languages (ESOL) tuition (see [SR2.10](#)).
- b. In addition, the principal applicant must:
 - i. hold a work visa or a critical purpose visitor visa with work conditions at the time the residence application is made; and
 - ii. meet acceptable employment requirements in a Care Workforce occupation (see Appendix 14); and
 - iii. have completed 24 months in a Care Workforce sector occupation listed in Appendix 14 (see [SR6.10](#)); and
 - iv. meet the relevant wage rate in effect at the time:
 - they began to accrue work experience in New Zealand that counts towards their residence requirements; or
 - their work visa was granted, if it was granted in the five months before the applicant began to accrue their work experience in New Zealand; and
 - v. be aged 55 or younger at the time the residence application is made.
- c. An applicant may be considered to meet the relevant wage rate when they apply for residence if they meet the rate for their occupation in effect on the applicable date specified in (b)(iv) above.
- d. For the purpose of these instructions, applicants must accrue 24 months of work experience in New Zealand within the 30 months immediately prior to submitting their residence application.

Note: For the purposes of determining whether work experience has been completed within the 30 month period, this period is calculated backwards from the date the resident visa is submitted.

SR6.5.1 Evidence

- a. To demonstrate meeting specified evidential requirements for a Care Workforce occupation (see [Appendix 14](#)) the applicant can provide the following:
 - i. Acceptable employment in a specified occupation - employment agreement and job description specifying the occupation.
 - ii. Acceptable work in New Zealand - employment agreement and job description (previous and current) stating the duration of employment, position and remuneration and a summary of earnings from Inland Revenue confirming a period of at least 24 months' work.
 - iii. Pay rate - employment agreement and job description stating the occupation, hours, and remuneration. A summary of earnings from Inland Revenue if the applicant has worked in New Zealand.

Note: Where an immigration officer is not satisfied that sufficient information has been provided through the requirements under (a)(iii), further evidence may be requested such as full bank statements showing salary payment or payslips.

- b. In cases where any of the details listed at SR6.5.1(a) have changed since an applicant's most recent work visa application and these details are material to their application (for example their remuneration has changed and they are relying on work in New Zealand in a role paid at least twice median wage ([SR5.20](#)), an applicant must include the evidence of these changes as set out in SR6.5.1(a).
- c. An immigration officer may consider evidence and information provided in previous work visa applications to determine whether the applicant:
 - i. has a total of 24 months of acceptable work in New Zealand; or
 - ii. was paid the relevant wage rate ([SR6.15\(I\)](#)).

SR6.10 Acceptable employment in a Care Workforce sector role

- a. Acceptable employment in a Care Workforce sector role is employment where the immigration officer is satisfied that:
 - iii. the principal applicant holds current employment or an offer of employment for an occupation listed in the Care Workforce sector occupation listed in [Appendix 14](#); and
 - iv. the Care Workforce employment is paid at or above the relevant wage rate set out at SR6.15(I) per hour or the equivalent salary; and
 - v. the employment or offer of employment is with an employer who is accredited (and their accreditation is not suspended) at the time the residence application is either made or decided; and
 - vi. the employment is full-time (employment is full-time if it amounts to at least 30 guaranteed hours per week for every week worked); and
 - vii. the employment is permanent or for a fixed term of at least 12 months from when the application is made; and
 - viii. the employment is genuine and is not offered as a result of payment (see [SR2.1.5](#)).
- b. Despite (a)(i) above, acceptable employment also includes current employment in an occupation that was previously listed on the Care Workforce sector occupation list in [Appendix 14](#) at some point in the applicant's 24 month period, and the applicant has completed 24 months' work in New Zealand in that occupation (see [SR6.15](#)).
- c. For the purposes (a)(ii), the relevant wage rate for the employment is the wage rate in effect at the point in time specified at SR6.5(b)(iv).
- d. For roles that do not require occupational registration, an immigration officer may be required to assess whether the employment matches the Care Workforce sector occupation list in Appendix 14. In determining whether employment is for a role on the Care Workforce sector occupation list an immigration officer may undertake a substantial match assessment (see [SR2.1.1](#)).

SR6.15 Requirements for 24 months of work in New Zealand in a Care Workforce sector role

- a. Applicants must have worked for at least 24 months in New Zealand in an occupation on the Care Workforce sector occupation list in [Appendix 14](#) during the 30 month period immediately before the date the residence application is made.
- b. To be considered as having worked in a Care Workforce sector occupation, applicants must be paid at or above the wage rate specified at SR6.15(l) or the equivalent salary for the duration of the 24 month period.
- c. For the 24 months of work in New Zealand, applicants must have been working full-time (at least 30 hours a week) in a Care Workforce sector occupation listed in Appendix 14 and held one of the following visas:
 - i. any work visa; or
 - ii. a critical purpose visitor visa with work conditions; or
 - iii. an interim visa granted while the applicant held a work visa or a critical purpose visitor visa with work conditions and had applied for a further work visa; or
 - iv. any interim visa with work conditions.
- d. The 24 month period will start to be counted when the applicant's remuneration is at or above the wage rate specified at SR6.15(l) or the equivalent salary at that time (provided they hold a visa described (c) above).
- e. Despite (d), where an applicant's work visa was granted, and they began to accrue work experience in New Zealand within five months of the grant date, the relevant wage rate in effect on the grant date will apply.
- f. The 24 month period (while earning the specified hourly rate) will stop being counted if:
 - i. the applicant ceases to hold one of the visas listed in (c) above; or
 - ii. the applicant changes occupation, and their new income is below the required wage rate for that occupation (see SR6.15(l)); or
 - iii. the applicant's remuneration decreases, and the new rate is below the required wage rate for that occupation (see SR6.15(l)).
- g. For the avoidance of doubt, work experience for Care workforce will continue being counted if the specified hourly wage rate in immigration instructions increases as long as the applicant's income does not decrease below the relevant wage rate and they have not changed occupation.
- h. For the purposes of (e) and (g), the relevant wage rate is the rate for that occupation at the point in time specified at SR6.5(b)(iv).

Note: For SR6.15 (g), for example, a personal care assistant must be paid an hourly rate of \$28.25. An applicant can start counting work experience from 29 September 2021 if they earn \$27 an hour (the wage rate in effect at the time). When the wage requirement increases to \$28.25 an hour on 1 July 2022, they can keep counting their work experience if they are still a personal care assistant earning \$27 an hour.

- i. For the purpose of these instructions, any leave consistent with section 16 of the Holidays Act 2003 (including parental leave and ACC leave) taken during a period of work in New Zealand in a Care Workforce sector role can be counted.
- j. Despite (a) above, where an occupation is removed from the Care Workforce sector occupation list in Appendix 14, after the applicant has started to count work in New Zealand towards the 24 months required, the work can continue to be counted if:
 - i. the applicant remains in the occupation; and
 - ii. continues to be paid at or above the relevant wage rate specified at SR6.15(l) or the equivalent salary in a Care Workforce sector occupation for the duration of the 24 month period.
- k. If an applicant has worked in New Zealand for at least 24 months in the last 30 month period but has not maintained a role in a Care Workforce sector occupation for the full 24 months, they can still be considered for the grant of residence if they meet the acceptable work in New Zealand requirements for the balance of the 24 months in one or more of the following:
 - i. the Green List: Work to Residence visa ([SR5.15](#)); or
 - ii. the Transport Sector Work to Residence visa ([SR7.15](#)); or
 - iii. work in New Zealand earning at least twice the median wage ([SR5.20](#)).

Note: The 24 months of work in New Zealand does not have to be gained consecutively and can be a total of different periods, for example two 12-month periods with a gap of six months between. Additionally, it can be made up of different types of work in New Zealand, for example 18 months in a Care Workforce sector occupation and six months in a Tier 2 Green List role.

- l. Wage rates in effect for the Care Workforce sector Work to Residence category across time are:

Date range	Wage rate
1 July 2022 onwards	\$28.25
29 September 2021 to 30 June 2022	\$27.00

SR7 Transport Sector: Work to Residence

SR7.5 Transport Sector: Work to Residence Summary of requirements

- a. To be granted a Transport Sector: Work to Residence visa, all applicants must:
 - i. meet health and character requirements for residence (see [A4](#) and [A5](#)); and
 - ii. meet the applicable minimum standard of English or, where instructions allow, pre-purchase English for Speakers of Other Languages (ESOL) tuition (see [SR2.10](#)).
- b. In addition, the principal applicant must:
 - i. hold a work visa or a critical purpose visitor visa with work conditions at the time the residence application is made; and
 - ii. meet acceptable employment requirements in an occupation specified under SR7.10(a)(i); and
 - iii. have completed 24 months in an occupation specified under [SR7.15\(b\)](#); and
 - iv. **meet the relevant wage rate in effect at the time:**
 - they began to accrue work experience in New Zealand that counts towards their residence requirements; or
 - their work visa was granted, if it was granted in the five months before the applicant began to accrue their work experience in New Zealand; and
 - v. be aged 55 or younger at the time the residence application is made.
- c. **An applicant may be considered to meet the relevant wage rate when they apply for residence if they meet the rate for their occupation in effect on the applicable date specified in (b)(iv) above.**
- d. **For the purpose of these instructions, applicants must accrue 24 months of work experience in a transport occupation, or occupations, within the 30 months immediately prior to submitting their residence application.**
- e. Applications must be made using the approved online form provided on the Immigration New Zealand website.

Note: For the purposes of determining whether work experience has been completed within the 30-month period, this period is calculated backwards from the date the resident visa application is submitted.

SR7.5.1 Evidence

- a. To demonstrate meeting specified evidential requirements for a Transport Sector occupation (see SR7.10(a)(i)) the applicant can provide the following:
 - i. Qualification – a copy of the New Zealand qualification
 - ii. Licencing requirements – a copy of the licence, as specified under SR7.10(a)(i)
 - iii. Acceptable employment in a specified occupation – an employment agreement and job description
 - iv. Acceptable work in New Zealand – an employment agreement and job description (previous and current) stating the duration of employment, position and remuneration and a summary of earnings from Inland Revenue confirming a period of at least 24 months' work

Note: Where an immigration officer is not satisfied that sufficient information has been provided through the requirements under (a)(iv), further evidence may be requested such as full bank statements showing salary payment or payslips.

- b. In cases where any of the details listed at SR7.5.1 (a) have changed since an applicant's most recent work visa application and these details are material to their application (for example, if their remuneration has changed and they are relying on work in New Zealand in a role paid at least twice median wage ([SR5.20](#))), an applicant must include evidence of these changes as set out in SR7.5(a).
- c. An immigration officer may consider evidence and information provided in previous work visa applications to determine whether the applicant:
 - i. has a total of 24 months of acceptable work in New Zealand; or
 - ii. meets the requirements specified under SR7.15(b).

SR7.10 Acceptable employment in a Transport Sector role

- a. Acceptable employment in a Transport Sector occupation is employment where the immigration officer is satisfied that:
- i. the principal applicant holds current employment or an offer of employment for one of the following occupations and meets the requirements for that occupation as specified in the table below:

Transport Sector occupation and ANZSCO code	Transport Sector Requirements
Ship's Master (231213)	Must be paid at the least the median wage (see SR7.15(n)), and either hold: ▪ the Skipper Restricted Limits Certificate of Competency (CoC) with 500GT or 3000GT endorsement; or ▪ a Standards of Training, Certification and Watchkeeping for Seafarers (STCW) Certificate of Competency (CoC) that entitles the holder to perform the duties of a Ship's Master on a vessel that is 500 gross tonnes or more (as recognised by Maritime New Zealand).
Deck Hand (899211)	Must be paid at the least the median wage (see SR7.15(n)), and either hold a: ▪ Qualified Deck Crew Certificate of Proficiency (CoP); or ▪ Deck Watch Rating (DWR) Certificate of Proficiency (CoP) that entitles the holder to perform the duties of Deck Hand (as recognised by Maritime New Zealand).

Notes:

The licencing and qualifications requirements specified above are not required to begin accruing the required 24 months of work in New Zealand (see [SR7.15](#)).

- ii. the employment or offer of employment is with an employer who is accredited at the time of the application (whose accreditation is not suspended); and
- iii. the employment is full-time (employment is full-time if it amounts to at least 30 guaranteed hours per week for every week worked); and
- iv. the employment is permanent or for a fixed term of at least 12 months from when the application is made; and
- v. the employment is genuine and is not offered as a result of payment (see SR2.1.5).
- b. Despite (a)(i) above, acceptable employment also includes current employment in an acceptable occupation that was previously listed above, and the applicant has completed 24 months of work in New Zealand in that occupation or occupations in accordance with [SR7.15\(i\)](#).
- c. For the purposes (a)(i), the applicable remuneration for the employment or offer of employment is the relevant wage rate for that occupation in effect at the point in time specified SR7.5(b)(iv).
- d. For roles that do not require occupational registration, an immigration officer may be required to assess whether the employment is substantially consistent with the ANZSCO 'Occupation' (6-digit) level description for that occupation and with the tasks listed at the ANZSCO 'Unit Group' (4-digit) level description for that occupational group, excluding any tasks which are not relevant to the 'Occupation' description (see [SR5.10](#)).

Note: To be considered a substantial match to an occupation, the tasks that are relevant to the applicant's employment must comprise most of that role.

SR7.15 Requirements for 24 months of work in New Zealand in a Transport Sector role

- a. Applicants must have worked for at least 24 months in New Zealand in a Transport Sector occupation or occupations in the 30 month period immediately before the date the residence application is made.
- b. To be considered as having worked in a Transport Sector occupation or occupations, applicants must have met the requirements for their occupation or occupations for the duration of the 24 month period as specified in the following table:

Transport Sector occupation and ANZSCO code	Transport Sector work in New Zealand requirements
Ship's Master (231213)	Be employed as a Ship's Master paid at the least the median wage (SR7.15(n)).
Deck Hand (899211)	Be employed as a Deck Hand and paid at the least the median wage (SR7.15(n)).

Note: The 24 months of work in New Zealand can be made up of different types of work within the four Transport Sector occupations, for example 6 months in a Deckhand role and 18 months as a Ship's Master.

- c. For the 24 months of work in New Zealand, applicants must have been working full-time (at least 30 hours per week) in a Transport Sector occupation listed under SR7.10(a)(i), and have held one of the following visas:
- any work visa; or
 - a critical purpose visitor visa with work conditions; or
 - an interim visa granted while the applicant held a work visa or a critical purpose visitor visa with work conditions and had applied for a further work visa.
- d. The 24 month period will start to be counted when the applicant's remuneration is at the rate specified in (n) below (provided they hold a visa described (c) above).
- e. Despite (d) if an applicant's work visa was granted in the five months before the applicant began to accrue their work experience in New Zealand, the relevant wage rate in effect on the date the work visa was granted will apply.
- f. The 24 month period (while earning the specified hourly rate) will stop being counted if:
- the applicant ceases to hold one of the visas listed in (c) above; or
 - the applicant changes occupation and their new income is below the required wage rate for that occupation (see (b) above); or
 - the applicant's remuneration decreases, and the new rate is below the required wage rate for that occupation (see (b) above).
- g. For the avoidance of doubt, work experience for Transport Sector will continue being counted if the specified hourly wage rate in immigration instructions increases as long as the applicant's income does not decrease below the required wage rate and they have not changed occupation.
- h. For the purposes of (f) and (g), the required wage rate is the relevant wage rate that applied for that occupation at the point in time specified at SR7.5(b)(iv).

Note: For SR7.15 (g), for example, a Deck Hand must be paid an hourly rate of \$35.00 (the median wage). An applicant can start counting work experience from 18 August 2025 if they earn \$33.56 an hour (the wage rate in effect at the time). When the wage requirement increased to \$35.00 an hour on 9 March 2026, they can keep counting their work if they are still earning \$33.56 an hour.

- i. For the purposes of these instructions, any leave consistent with section 16 of the Holidays Act 2003 (including parental leave and ACC leave) taken during a period of work in New Zealand in a Transport sector role can be counted.
- j. Where an occupation is removed from the Transport sector occupation list for acceptable employment under SR7.10(a)(i), the applicant may count work in New Zealand in that occupation towards the 24 months required (under SR7.15(a)) after the date the occupation was removed from the list if the applicant meets the requirements for their occupation for the duration of that work ((see SR7.15(m)) and had:
- started to count work before the date the occupation was removed from the list (see (d) above); or
 - applied for an AEWV to work in that occupation on or before 6 April 2024: or

- vi. held a non-AEWV work visa (or had applied for a non-AEWV visa that was subsequently granted); and
- on or before 6 April 2024, had an offer of employment or a signed employment agreement to work in that occupation; and
 - started work (in that occupation) within four weeks of signing the employment agreement or being granted the visa.
- k. For the avoidance of doubt, where (j) above applies, provisions set out in SR7.15(c)-(i) also apply.
- l. If an applicant has worked in New Zealand for at least 24 months in the last 30 month period but has not maintained a role in a Transport Sector occupation (see SR7.10(a)(i) or covered by SR7.15(j)) for the full 24 months, they can still be considered for the grant of residence under one or more of the following categories if they meet the acceptable work in New Zealand requirements for the balance of the 24 months in one or more of the following:
- i. the Green List Work to Residence visa ([SR5.15](#)); or
 - ii. the Care Workforce Work to Residence visa ([SR6.15](#)); or
 - iii. work in New Zealand earning at least twice the median wage ([SR5.20](#)).
- m. For the purpose of these instructions, occupations that have been removed from the Transport Sector occupations list that may still be considered as per SR7.10(b) and SR7.15(j) are captured in the table below:

Transport Sector occupation and ANZSCO code	Transport Sector work in New Zealand requirements
Bus Driver (731211)	Be paid at least \$28 per hour and have employment: - with an employer who has signed the Waka Kotahi (New Zealand Transport Authority) 'All Parties Memorandum of Understanding on Improving Driver Terms and Conditions' for the region they are working in; or - as a school bus driver on a Ministry of Education-funded school bus service (list of operators provided by Ministry of Education); or - as a school bus driver on a service directly contracted to a school.
Truck Driver (733111), Aircraft Refueller (733112), Furniture Removalist (733113), Tanker Driver (733114), Tow Truck Driver (733115)	Be employed to drive class four or five vehicles and paid at the least the median wage (SR7.15(h)); and Hold either a New Zealand or overseas equivalent class four or five drivers' licence.

Note: The 24 months of work in New Zealand does not have to be gained consecutively and can be totalled by combining different periods, for example two 12-month periods with a gap of six months in between. Additionally, it can be made up of different types of work in New Zealand, for example 18 months in an eligible Transport sector role and six months in a role paid twice the median wage.

- n. The median wage in effect for the Transport Sector Work to Residence across time is:

Date range	Median wage
19 July 2021 – 23 October 2022	\$27.00
24 October 2022 – 26 February 2023	\$27.76
27 February 2023 – 27 February 2024	\$29.66

28 February 2024 – 17 August 2025	\$31.61
18 August 2025 - 8 March 2026	\$33.56
From 9 March 2026	\$35.00

Note: The median wage rate of \$35.00 (from 9 March 2026) for SR7.15 reflects the June 2025 quarter publication of median wage data by Statistics New Zealand.

Appendix 21 – Amber List – Additional Requirements for SMC Skilled Work Experience pathway

This Appendix is part of Government immigration instructions as described in section 22 of the Immigration Act 2009 (Skilled Migrant Residence instructions).

This appendix is relevant to applicants applying for residence via the Skilled Migrant Category who have a current role or an offer of skilled employment in one of the listed occupations and are applying via the Skilled Work Experience pathway.

ANZSCO references in the appendix must be based on the immigration view of version 1.3 of the ANZSCO.

Note: Applicants with an offer of skilled employment in one of the listed occupations who are applying via the Points-based pathway do not need to meet the additional requirements.

Appendix 2: Amendments to Temporary Entry and Residence instructions, effective on and after 24 August 2026

Appendix 17- The List of Qualification Exempt from Assessment

[Due to its large size, a separate attachment has been created of the LQEA]

Appendix 17 – List of Qualifications Exempt from Assessment (from 23 June 2025)

Note:

Appendix 17 applies to people who made a Skilled Migrant Residence application under SR instructions or a work visa application under WI instructions where the specified country is listed in Appendix 17.

The List of Qualifications Exempt from Assessment contained in Appendix 3 applies to people who made a Skilled Migrant Category residence application under SM instructions or a work visa application under WI instructions where the specified country is not listed in Appendix 17.

The qualifications in this list do not require assessment by the New Zealand Qualifications Authority (NZQA). Qualifications will qualify for points on the basis of their assessed position on the New Zealand Qualifications and Credentials Framework (NZQCF) (see SR3.25.15 of the Skilled Migrant Category) and are subject to any additional requirements being met as specified in the List of Qualifications Exempt from Assessment.

The List of Qualifications Exempt from Assessment only provides the level and qualification type that an overseas qualification compares to on the NZQCF. A qualification being named on the List of Qualifications Exempt from Assessment does not mean that it is comparable to a similarly named New Zealand qualification. It only advises the NZQCF level and qualification type that the overseas qualification can be compared to.

A qualification is exempt from assessment and qualifies for the indicated points if:

- a. the qualification and the awarding institution is listed; and
- b. the qualification was awarded from or within the year listed in the 'effective from' column of the list; and
- c. the qualification was not completed outside of the list country, including any overseas campuses of the listed awarding institution; and
- d. the qualification meets other requirements and is not excluded by the notes listed in the notes section.

If the standard full-time duration cannot be determined, the qualification must be evaluated by NZQA.

Note: As per SR3.25.15(d), applicants claiming points for level 8 or 9 qualifications from outside of New Zealand must hold, and provide evidence of, a bachelor's degree (from any country).

The List of Qualifications Exempt from Assessment is for immigration purposes only. The inclusion of a qualification on this list does not have bearing on the status of the qualification for professional registration, further study, salary or employment purposes.

Overseas teachers using a qualification to apply for a visa to work in a school or early childhood setting must apply to NZQA for a Teaching International Qualifications Assessment.

Washington Accord and Sydney Accord accredited degrees (engineering and engineering technology)

The Washington Accord is an international accreditation agreement for professional engineering academic degrees, between the bodies responsible for accreditation in its signatory countries. The Sydney Accord is an international mutual recognition agreement for qualifications in the fields of engineering technology.

- a. Washington Accord or Sydney Accord accredited degrees are assessed as occupying level 7 on the New Zealand Qualifications and Credentials Framework (NZQCF) and qualify for 4 points under Skilled Migrant Category (SR instructions). A qualification is a Washington or Sydney Accord accredited degree if:
 - i. it was gained in a country that has signed the accord; and
 - ii. it was accredited as a Washington or Sydney Accord accredited programme by the body representing that country; and
 - iii. it was awarded from or after the date the country became a signatory; and
 - iv. there is no additional information on the relevant country's accredited qualifications list to indicate that the qualification is not automatically accepted as accredited under the Washington Accord or Sydney Accord.
- b. In any case, an immigration officer may require an applicant to provide written confirmation from Engineering New Zealand (formerly IPENZ) that the qualification is a Washington or Sydney Accord accredited degree, if they are not satisfied that the qualification meets the requirements of a) above, or it is unclear as to whether the requirements of a) above have been met. In these cases, the qualification can be accepted as a Washington or Sydney Accord accredited degree if Engineering New Zealand confirms it as such.

Note 1: If an applicant believes their qualification may be higher than NZQCF level 7, then they should apply to NZQA for an International Qualifications Assessment

Note 2: A list of signatories to the Accords can be found on the International Engineering Alliance website:

<https://www.internationalengineeringalliance.org/accords/washington-accord>

<https://www.internationalengineeringalliance.org/accords/sydney>

Example 1:

South Africa, represented by the Engineering Council of South Africa, became a signatory to the Washington Accord in 1999. A Baccalareus in Ingenieurswese (Siviel Ingenieurswese) (Bachelor of Engineering in Civil Engineering), awarded by the Universiteit van Pretoria (University of Pretoria) (in South Africa) in 2003 would meet the requirements of a) i-iv above, because:

- South Africa is a signatory to the Washington Accord; and
- A Baccalareus in Ingenieurswese (Siviel Ingenieurswese) (Bachelor of Engineering in Civil Engineering) awarded by the Universiteit van Pretoria (University of Pretoria) is accredited by the Engineering Council of South Africa (the body representing South Africa) as a Washington Accord accredited programme; and
- it was awarded in 2003, after South Africa became a signatory; and
- there is no additional information on the Engineering Council of South Africa's accredited qualifications list to indicate that the qualification is not accredited under the Washington Accord.

Example 2:

Ireland, represented by the Engineers Ireland, became a signatory to the Washington Accord in 1989. A Bachelor of Engineering (Honours) in Electrical/Electronic Engineering awarded by Dublin Institute of Technology in 2013 would not meet the requirements of a) i-iv above, because:

- Ireland is a signatory to the Washington Accord; and
- A Bachelor of Engineering (Honours) in Electrical/Electronic Engineering awarded by Dublin Institute of Technology is accredited by Engineers Ireland (the body representing Ireland) as a Washington Accord accredited programme from 2005 - 2017; and
- it was awarded in 2013, after Ireland became a signatory; however
- there is additional information on the Engineers Ireland accredited qualifications list to indicate that the qualification is not accredited under the Washington Accord:

A Bachelor of Engineering (Honours) in Electrical/Electronic Engineering if awarded by Dublin Institute of Technology in 2013 would not qualify automatically as a Washington Accord accredited programme, because there is a note on the list which states: "For graduates after 1/1/2013 further learning is required to meet the education standard for Chartered Engineer".

An applicant with this qualification would need to consider requesting confirmation from Engineers New Zealand (formerly IPENZ), as set out in b) above, if they believe their qualification is a Washington or Sydney Accord accredited degree.

Notes:

The English spelling of the institution's name may vary (e.g., Suncheon/Sun Cheon). Please also refer to the institution name in Korean when using this list. If the official name of the awarding institution is not clear on the awarding certificate or academic transcript, the qualification must be evaluated by NZQA.

Please note South Korean universities often issue a confirmation of graduation and academic transcript in English.

For bachelor's degree (학사, Haksa):

This list applies to bachelor's degrees that require four or more years full-time study AND a minimum of 140 credits.

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

For master's degree (석사, Suksa):

This list applies to master's degrees that require two or more years full-time study AND a minimum of 24 credits.

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

Notes:

Please note Sri Lanka universities often issue the awarding certificate and academic transcript in English.

For bachelor's degree:

This list applies to bachelor's degrees (including ordinary bachelor's degree, honours bachelor's degree and special bachelor's degree) that require three or more years of full-time study.

External bachelor's degrees are excluded from this list. External bachelor's degrees always include the term 'external' on the award certificate and academic transcript. These qualifications are studied at external colleges affiliated to universities.

Bachelor of Medicine and Surgery is excluded from this list.

For master's degree:

This list applies to Master's degree (with research) and Master of Philosophy that require two or more years of full-time study.

Master of Business Administration and Master of Public Administration are excluded from this list.

Master's degree completed through coursework only is excluded from this list. If research components (a research thesis or a research project) cannot be identified on the academic transcript, the qualification must be evaluated by NZQA.

Notes:

For Kandidatexamen (bachelor's degree):

This list applies to Kandidatexamen that requires three or more years of full-time study AND a minimum of 180 European Credit Transfer and Accumulation System (ECTS)/Hogskolepoang credits.

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

The Swedish term 'Kandidatexamen' must be included on the award certificate.

Other professional bachelor qualifications are excluded from this list.

For Masterexamen (master's degree):

This list applies to Masterexamen that requires two or more years of full-time study AND a minimum of 120 ECTS/Hogskolepoang credits.

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

The Swedish term 'Masterexamen' must be included on the award certificate.

Magisterexamen and other professional master qualifications are excluded from this list.

The Swedish 'Masterexamen' should not be confused with the 'Magisterexamen', which is excluded from this list.

For Doktorsexamen (doctoral degree):

This list applies to Doktorsexamen that requires four or more years of full-time study AND a minimum of 240 ECTS/Hogskolepoang credits.

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

The Swedish term 'Doktorsexamen' must be included on the award certificate.

The 'Doktorsexamen' must include a research thesis/dissertation.

Licentiatexamen (Degree of Licentiate) is excluded from this list.

Notes:

For bachelor's degree (without Honours):

This list applies to bachelor's degrees (without Honours) only. Bachelor's degrees with Honours (the awarding certificate may state 'Honours', 'Honores', 'Honneurs', or 'Honories') are excluded from this list.

Some four-year full time bachelor's degrees are listed on the South Africa National Qualification Framework (SANQF) at Level 8. These degrees may be considered comparable to a level higher than level 7 on the New Zealand Qualifications Framework (NZQCF). Applicants must apply for International Qualification Assessment (IQA) with NZQA if they wish to have their qualification assessed as comparable to a higher NZQCF level. These include but are not limited to the following professional bachelor's degrees:

- Bachelor of Architecture
- Bachelor of Engineering
- Bachelor of Laws
- Bachelor of Nursing
- Bachelor of Occupational Therapy
- Bachelor of Pharmacy
- Bachelor of Social Work
- Bachelor of Speech-Language Pathology
- All bachelor's degrees in education and related fields
- All bachelor's degrees in medicine, Veterinary, Optometry, Audiology, Dentistry and Midwifery

For master's degree:

This list applies to master's degrees that require either 1.5 years or more of full-time study, OR a minimum of 180 SANQF Credits

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

Master's degrees with a specialisation in Business Administration/Leadership are excluded from this list (examples of qualifications include Master of Business Administration, Master of Business Leadership, Master of Technology: Business Administration, and Master of Technology: Business Leadership).

For doctoral degree:

This list applies to doctoral degrees that require a minimum of 360 SANQF credits.

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

If the word 'Doctor' is not stated on the awarding certificate, the qualification is excluded from this list and must be evaluated by NZQA.

Doctoral degrees that do not include a research thesis (dissertation) are excluded from this list. If the 'research thesis (dissertation)' is not stated on the academic transcript, the qualification must be evaluated by NZQA.

Notes:

For bachelor's degree (with Honours):

This list applies to bachelor's degree with Honours (3 or 4 years full-time) only.

Ordinary/Pass bachelor's degrees without Honours are excluded from the list.

Bachelor's degrees in dentistry, medicine and veterinary science (some degrees may have the title of 'Doctor or Dr' on the certificate) are excluded from the list.

For master's degree:

This list applies to master's degrees that require 1 to 2 years of full-time study and at least 180 Framework for Higher Education Qualifications (FHEQ)/Scottish Credit and Qualifications Framework (SCQF) credits (equivalent to 90 European Credit Transfer and Accumulation System (ECTS) credits).

If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.

Master of Arts degrees (ordinary, general/unclassified or Honours) that require more than 2 years of full-time study (more than 240 credits) are excluded from this list. Such degrees are likely to be awarded by:

- Oxford University
- The University of Cambridge
- University of Aberdeen
- The Edinburgh University
- University of St Andrew's
- University of Glasgow
- University of Edinburgh
- University of Dundee

Integrated master's degrees (usually require 4 or 5 years of full-time study), which are first degrees that combined undergraduate and postgraduate study are excluded from this list.

Notes:

This list applies to:

- Bachelor's degrees (with or without Honours); and
- Master's degrees that require two or more years of full-time study and at least 30 credits in USA. If the overall credits of study cannot be calculated based on the academic transcript, the qualification must be evaluated by NZQA.
- Doctor of Philosophy (Ph.D.) degrees that require four or more years of full-time study after a master's degree; and must include a research thesis (dissertation).

If the wording of 'Doctor of Philosophy (Ph.D.)' is not stated on the awarding certificate and transcript, the qualification must be evaluated by NZQA.

All other types of doctoral degrees including the professional practice doctor's degrees (e.g. Juris Doctor, Doctor of Pharmacy, etc) are excluded from this list.
