Item		Max Score		
Memory				
1. (Instructions) I want you to imagine that we are going shopping. Here is a list of grocery items. I would like you to remember the following items which we need to get from the shop. When we get to the shop in about 5 minutes time I will ask you what it is that we have to buy. You must remember the list for me.				
Tea, Cooking Oil, Eggs, Soap				
Please repeat this list for me (Ask person to repeat the list 3 times). (If person did not repeat all four words, repeat the list until the person has learned them and can repeat them, or, up to a maximum of five times.)				
Visuospatial Orientation				
2. I am going to ask you to identify/show me different parts of the body. (Correct = 1). Once the person correctly answers 5 parts of this question, do not continue as the maximum score is 5.				
(1) Show me your right foot (2) Show me your left hand	1			
(3) With your right hand touch your left shoulder	1			
(4) With your left hand touch your right ear	1			
(5) Which is (indicate/point to) my left knee	1			
(6) Which is (indicate/point to) my right elbow	1			
(7) With your right hand indicate/point to my left eye	1			
(8) With your left hand indicate/point to my left foot	1	1-

Praxis		
3. I am going to show you an action/exercise with my hands. I want you to watch me and copy what I do. Copy me when I do this (One hand in fist, the other palm down on table – alternate simultaneously.) Now do it with me: Now I would like you to keep doing this action at this pace until I tell you to stop – approximately 10 seconds. (Demonstrate at moderate walking pace).		
Score as:		
Normal = 2 (very few if any errors; self-corrected, progressively better; good maintenance; only very slight lack of synchrony between hands)		
Partially Adequate = 1 (noticeable errors with some attempt to self-correct; some attempt at <i>maintenance; poor synchrony</i>)		
Failed = 0 (cannot do the task; no maintenance; no attempt whatsoever)
