Developing the possibilities – refugee employment framework to model

1. What are the key indicators that people are ready to connect to employment?

2. From what we heard yesterday, what does successful employment look like?

3. Review the refugee employment framework, thinking about the opportunities/gaps in relation to the services listed:
   – Are the services in the employment framework the right ones?
   – Should any services be added or moved?
   – Are there aspects of the services that should be expanded upon?
   – Are there aspects of the services that should be grouped together?
1. Who are we talking about when we talk about employers?

2. What does effective engagement with employers look like? What are the key elements?

3. What are some ways to achieve effective engagement with employers?

4. How could you (as an individual, agency or organisation) contribute to this?
