NZeTA

COMMUNICATIONS GUIDELINES
MAY 2019
The NZeTA (New Zealand Electronic Travel Authority) design is part of the Immigration New Zealand identity system.

The design is clear, bold and official, while the language and tone of communication is helpful but firm and facilitative. This document outlines how to communicate about the NZeTA in a way that ensures travellers receive consistent messaging, tone and visuals.
PRIMARY LOGO

The NZeTA logo is designed to be a simple to understand and easily recognisable device; the green light for travel to New Zealand.

The primary NZeTA logo is seen on this page.

LOGO APPLICATION

MINIMUM SIZE

The logo minimum size is 30mm wide.

To ensure legibility, the logo should not be reproduced any smaller than specified.

CLEAR SPACE REQUIREMENTS

A minimum clear space requirement for the logo applies – it is to be kept clear of text or imagery.

INCORRECT USE

Do not change, stretch, re-colour or recreate NZeTA logo.

Additionally, the NZeTA logo should always appear on a plain background (or accepted background colour/gradient – see page 3) ensuring that the logo is clearly visible.
**COLOUR PALETTE**

The key colour for NZeTA material is INZ Forest. Secondary to this is black and white.

This palette is intentionally simplified to ensure the materials are visually distinct from other Immigration New Zealand communications. Where necessary, NZeTA communications can pull from the INZ primary colour palette of blues.

VISUAL LANGUAGE

The following points are the key aspects of NZeTA communications.
LANGUAGE

Care should be taken when writing the NZeTA brand name, to ensure the correct capitalisation is used. Other combinations such as NZETA, nzeta, or NZ-eTA are incorrect. The only exception is when referring to the NZeTA website address, as URLs should be written in all lower case – immigration.govt.nz/nzeta.

As a New Zealand brand, the NZeTA uses UK English, such as the UK English standard spelling of ‘traveller’, with two LLs. The article ‘an’ should be used when referring to a single NZeTA because, when spoken aloud, the word begins with a vowel sound – ‘en-Zed’.

An NZeTA can be requested, approved, held, refused, revoked or withdrawn. The NZeTA is not a visa and is not ‘applied’ for.

The NZeTA is a travel requirement, that grants someone authority to travel to New Zealand. It is not an entry requirement and does not guarantee entry to New Zealand.
SUMMARY TEXT

This summary paragraph communicates the key facts of the implementation stage of the NZeTA.

Depending on your needs and audience, some or all of this paragraph can be used to communicate the changes to travel conditions to New Zealand regarding the NZeTA.
