INZ 1137

Request for Statement of Immigration Status

of a person born in New Zealand on or after 1 January 2006

Important information

This form should be completed by the parent of a child born in New Zealand on or after 1 January 2006 if they wish to have a statement of their child's immigration status.

Please provide the following documents:

- the child's New Zealand birth certificate; and
- evidence of the immigration status of the parent(s) at the time of the child's birth in New Zealand; and
- if available, the child's current passport or travel document; or
- the parent's passport or travel document, if it includes an endorsement for the child.

Note: If the New Zealand-born child leaves New Zealand without valid travel conditions, the visa they were deemed to hold will expire. Travel conditions which allow re-entry to New Zealand can be applied for separately, once the New Zealand-born child's status has been confirmed.

When filling in this form, please print clearly in English using CAPITAL LETTERS.

Section A Child's details

A1 Name as shown in passport or on New Zealand birth certificate

Family/last name

Given/first name(s)

--	--

A2 Other names child is also known by
