

VISA PAK ISSUE 365 — 13 JULY 2018

NZQA QUALIFICATION ASSESSMENT STATEMENTS CHANGE TO PDF

The New Zealand Qualifications Authority (NZQA) has advised that International Qualification Assessment recognition statements and Pre-Assessment Result statements will be issued electronically in PDF format going forward. This will allow visa applicants to send or upload an electronic copy.

You will be able to verify the validity of these electronic copies via the NZQA website using the link below:

www.nzqa.govt.nz/verify-statement

Please note that the electronic version will show the non-English text without special language characters such as accents or macrons. This is due to system constraints, but will be fixed later in the year.

This will take effect from 19 July 2018 and will apply only to the applications that NZQA receives after this date.
