## **NZQA INTERNATIONAL QUALIFICATION ASSESSMENT – ELECTRONIC RECOGNITION STATEMENT**

The New Zealand Qualifications Authority (NZQA) have informed Immigration New Zealand they are now sending applicants a digital Recognition Statement (in PDF format) when they request an International Qualification Assessment (IQA). This currently consists of a scanned copy of a physical signed Recognition Statement, which can be verified by contacting the relevant NZQA Evaluator listed on the Recognition Statement.

In the coming months, NZQA will implement a fully digital and verifiable Recognition Statement system. We will provide further information once details have been confirmed.
