

VISA PAK ISSUE 414 — 30 AUGUST 2019

FINGERPRINTING SERVICES IN NEW ZEALAND

In January 2016 and September 2017 advice was provided in Visa Paks [243](#) and [326](#) about fingerprinting services available to clients in New Zealand.

As of Wednesday 28 August 2019, the webpage for the fingerprinting services moved from the NZ Post website to the Kiwibank website. There is no change to the process or the booking functionality.

The new web address is www.kiwibank.co.nz/fingerprinting. Any searches will bring up the Kiwibank page and a redirection from the NZ Post page has been setup. Kiwibank has advised all impacted stakeholder groups including immigration advisers and lawyers.
